

# STATE INSTITUTIONS GET \$750,000

## PARTY LEADERS INSIST HOOVER ENTER INDIANA

Republicans in Hoosier State  
Say Everything Is to Be  
Gained, Nothing Lost

SECOND CHOICE GONE

Favorite Sons Will Give Commerce Head Trouble in Ohio, Indiana Primaries

BY DAVID LAWRENCE  
Copyright 1928 by Post Pub. Co.

Washington.—The reason why the Hoover campaign managers decided to enter the Indiana primary was the insistence of Republican leaders in the Hoosier state that there was everything to be gained and nothing to be lost.

The Hoover managers tried in Ohio to get second choice pledges from the Willis group but failed. In Indiana, however, the second choice pledges are said already to have been disposed of to the Dawes leaders.

NO SECOND CHOICES

Hence with no chance of getting second choice from the favorite son delegations in either Ohio or Indiana the Hoover strategists figured that the rule of half a loaf being better than none was a good one to follow. There is some doubt here whether the Indiana delegation has to be voted as a unit or whether the preference of certain districts can be expressed. In the latter case, a split delegation might be obtained through the Hoover managers are confident that in view of the difficulties inside the republican party in state affairs the opportunity for the secretary of commerce to win a majority of the delegates is better than even.

As for Ohio, the Hoover managers are not assuming they can carry the state but they think they will get a good sized number of delegates just the same. Anything they get will be a gain, they figure, because if they had relied on second choice pledges they might not have had the votes on the first few ballots when they wanted them.

ASSURED OF TWO STATES

In New York state, and even in Massachusetts the Hoover managers claim they now have assured a majority of the delegates.

The biggest hurdle ahead are the Ohio primaries on April 24 and the Indiana primaries on May 8. In both instances a favorite son is fighting the Hoover candidacy. To make a good showing against a favorite son is considered a doubtful value in politics, depending on who the favorite son happens to be and also depending on the ill-will supposed to be incurred by fighting the regularly established political organizations. The Hoover management took this into account, however, feeling that the only chance for the secretary of commerce was to resist political organizations wherever they stood in the way and depending on public sentiment in a primary to get a nucleus of delegates. Senator James Watson, who is the candidate on the ballot in Indiana, is known to be friendly to Vice-President Dawes and the assumption here is that if Senator Watson wins the state there will be no Hoover opportunities there, as the delegation will ultimately go to Vice-President Dawes if the favorite son's opportunity appears to have passed.

COMMERCE COMMISSION  
FIXES C. N. W. VALUE

Washington.—(AP)—A final valuation of \$487,870,700 for the Chicago and Northwestern Railroad, as of June 1917, was fixed by the Interstate Commerce commission.

The company, which operates an extensive system in the northwest, contended for a valuation of \$508,321,494, but the commission's action Saturday confirmed its earlier tentative findings.

The Northwestern's capitalization on the valuation date was \$370,132,358, while its book investment was \$388,611,654.

If the commission's figures stand the final test of court litigation, they will represent a base for the making of rates on Northwestern. Most of the larger railroads, however, are expected to join in a legal contest against the commission's findings on valuation.

LEAGUE OF NATIONS  
CLOSES 49TH SESSION

Geneva.—(AP)—The 49th session of the council of the League of Nations closed Saturday afternoon. The last subject before it was the Sigthard machine gun incident which caused a complaint against Hungary by the Little Entente. A committee of three appointed to consider this case, told the council it would be unable to report before the June meeting.

LANDSLIDE KILLS 200  
PEOPLE, BURIES HOMES

Rio Janeiro, Brazil.—(AP)—Newspaper reports from Santos say that more than 200 persons are estimated to have been killed Saturday in a landslide in Montserrat which buried many houses and streets.

## HEAVIEST SNOW OF YEAR COVERS NEW YORK STATE

New York.—(AP)—A snow storm Saturday blanketed large sections of the east with one of the heaviest falls of the winter.

The fall ranged from fractional amounts to one foot. Temperatures were moderate over most of the region.

The heaviest snowfall Saturday was in the Pennsylvania mountains which unofficial estimates placed at 10 inches, and at Gloversville in upstate New York where there was a foot.

New York city had a four inch snow fall.

The storm brought liberty to several denizens of the zoo at Sault St. Marie when the drifts piled so high they were enabled to walk over the tops of the fences. Several bears and wolves escaped in that way.

## SETTLE DISPUTE ON OFFICE RIGHTS

Dane-co Court Says Housing Committee Must Make Assignments

Madison.—(AP)—Controversy over office space assignments in Wisconsin's state capital was settled Friday by the Dane-co. circuit court which ruled that the capital housing committee has sole authority to make assignments.

The committee, composed of Governor Fred Zimmerman, C. B. Ballard, Appleton, superintendent of public safety, and C. A. Halbert, state engineer, was made defendant in a mandamus action brought by three constitutional officers who comprise the state land commission. This latter body attempted to compel the housing committee to restore to its office space formerly occupied by its chief clerk. The argument had its inception two months ago when A. R. Campbell, the chief clerk, was moved from commodious quarters into a smaller office adjoining that of Mr. Ballard.

The change was made because Mr. Campbell objected to sharing his office with Ole A. Stolen, state humane agent. At the time Solomon Levitt, state treasurer, was the only member of the committee in the city. Upon return of the other members the petition for a writ of mandamus was filed.

## COOLIDGE SIGNS NEW ALIEN PROPERTY BILL

Washington.—(AP)—President Coolidge Saturday signed the alien property bill, providing for settlement of American claims against Germany and for the return of seized property.

The bill authorizes a final appropriation of \$100,000,000. German and Austro-Hungarian claims of \$100,000 or under will be settled in full and claims of greater value will be settled immediately to the extent of 80 per cent.

The claims covered by the alien property bill which the United States will reimburse fall principally under the categories of ships seized during the war, and of patent rights.

## MURDERER SHOT WHILE ATTEMPTING TO ESCAPE

Columbus, Ohio.—(AP)—John Whitefield, Cleveland Negro, serving a life sentence for murder, who escaped from Ohio penitentiary late Saturday morning was shot and seriously wounded at the home of Oren Hill, a penitentiary guard, shortly before noon Saturday.

Whitefield was brought back to the penitentiary in a dying condition. Hill is under arrest.

## 28 INSURGENTS KILLED IN MEXICAN FIGHTING

Mexico City.—(AP)—Dispatches from Guadalupe Jarra Saturday said 28 insurgents and one soldier were killed in a number of encounters with government troops. Three insurgents and one soldier were wounded.

## Million Chinese Become 'Red', Start Terror Reign

Canton, China.—(AP)—More than a million farmers, fishermen and salt-makers of northeast Kwantung have "gone Red," established a communal government, and are attempting to enlarge their sphere of control. This has resulted in a region of terror—wholesale murders, the burning of villages and the disruption of trade.

The area in which the so-called Soviet has been set up is a little more than 100 miles north of Hongkong around Hongai and Hsien-ching-hays, and the towns of Hsienfeng and Lukfung are the communist headquarters.

These newly made "Reds" have sought to make all things common property. There being no fences or walls enclosing the farms, they ploughed up the paths separating the fields. All title deeds were commandeered and burned. Landlords and merchants, supposed to be men of wealth, were held for ransom and their property confiscated.

In numerous villages murder has become the order of the day. Many wealthy families have been entirely wiped out. A few towns and villages which attempted to resist the new regime have been sacked and raved. In some places the village elders were decapitated, their heads placed on poles and sent to the next settlement as a warning.

Chinese Christians have been persecuted and foreign mission property has in some cases been destroyed. The missionaries, mostly European Catholics and English Presbyterians, together with thousands of native converts have evacuated the area.

PAINT HOUSES RED

Throughout the district houses have been painted red with the common Chinese pigment, pig's blood. Women have been proclaimed common property. Every household is compelled to furnish one "Red" soldier.

The numerous appeals for aid sent by the harassed peasants to the Chinese provincial authorities have thus far fallen on deaf ears.

## SHIP GROUNDS OFF COAST OF NEW ENGLAND

Captain Waits for Abatement of Blizzard to Transfer 263 Passengers

BULLETIN

Boston.—(AP)—The Eastern Steamship Co. reported that all of the 150 passengers on the stranded liner Robert E. Lee had been safely removed and landed in Plymouth shortly after noon Saturday.

Plymouth, Mass.—(AP)—The passenger steamship Robert E. Lee of the Eastern Steamship company, bound from Boston to New York, was hard aground on the dangerous Mary Ann rocks eight miles south of here Saturday waiting for a blizzard to abate to transfer the 263 persons aboard to surrounding rescue craft.

The ship grounded early Friday night during a 70-mile south-west gale and snow storm which blinded Captain H. W. Robinson to the peril of his course. The vessel struck a mile off Manomet point in an almost direct line from the Manomet Coast Guard station.

Radio messages from the Lee quickly informed the world of its plight even as a lookout at the coast-guard station was attempting to signal the ship of the danger of its position. It apparently had been grounded when first sighted through the swirling snow from shore.

Passengers and crew were in no immediate danger, although the Lee was pounding heavily it showed no signs of breaking up. Captain Robinson reported, Giant seas which broke over the vessel prevented coastguardmen from reaching the wreck. A dozen attempts proved ineffectual in the face of terrific combers which swept the beach.

The coastguard cutters Tuscarora and Red Wing were early arrivals on the scene and soon after midnight Saturday morning, the naval salvage ship Falcon, the submarine tender Bushnell and the minesweeper Malabar came.

The naval vessels radioed to Boston that no attempt would be made to remove the 150 passengers and crew of 113 before daybreak at the earliest unless an emergency should arise. Previous davices from the stranded ship had said that although there was six feet of water in the boiler room, all passengers were comfortable and there was no confusion.

## TAKE 23 PASSENGERS FROM SHIP

Plymouth, Mass.—(AP)—About twenty-five passengers reported to be all women, were taken off the grounded liner Robert E. Lee by a 75-foot surf boat shortly after 10 o'clock Saturday forenoon. The passengers left the liner through one of the lower deck companionways and were assisted on the surf boat by the coast guardmen. They were then transferred to a 125-foot coast guard picket boat.

Two members of the Manomet coast guard station were believed to have been drowned when a surf boat capsized on the heavy sea while returning to the shore from the stranded liner. Seven others who clung to the overturned boat were rescued.

A two-word radio message intercepted here Saturday signed "Robinson" and believed to be from Captain Robinson of the steamer Robert E. Lee, said:

"Abandoned ship."

This was interpreted to mean that the 113 members of the crew were preparing to leave the vessel after the 150 passengers had been taken off safely.

## ARREST THREE MEXICANS FOR NARCOTIC VIOLATION

Milwaukee.—(AP)—A raid on a Mexican home Friday night resulted in the arrest of nine men and confiscation of several packages of Marijuana cigarettes. Berger Hovland, 33, Jesus Marigal, 26, and Mrs. Patricia Escobar, 40, are held, charged with violating the narcotic act.

## DOGS GUIDE WOMEN LOST IN ALASKA TO SAFETY

Holy Cross, Alaska.—(AP)—Lost on the windward coast of a 50-mile portage between the Juskokwim and Yukon rivers, southwest of here, two women were guided to safety by an old dog of their team of huskies.

Word of the safety of Mrs. Earl Forrest and Miss B. Leake, was brought here from Pimute lake by an Indian known as Sergie. The women, he said, were suffering from cold and exposure and had spent the night in the shelterless tundra of the portage.

The pair left Bethel Feb. 27 on a hazardous drive of more than 100 miles to Holy Cross. They lost the trail and after wandering helplessly, they ceased trying to drive their team of huskies.

For several days and nights the women faced strong northerly winds and low temperatures until the dogs led them to the little settlement at Pimute Lake.

## MILWAUKEE ATTORNEY DIES AT AGE OF 40

Milwaukee.—(AP)—Attorney Charles W. O'Hara 40 died Friday afternoon of heart disease. He was a world war veteran and graduate of Marquette university. Among the survivors are a brother John, Menominee, Mich., and another brother Daniel J. of Iron Mountain, Mich.

## SPANKER JAILED

When Lorene Jones (lower) of Kansas City, Kan., refused to give an account of a trip she made in the family automobile, she was punished by her mother, Mrs. Christine Woodside, pictured at the top. She had her mother haled into court on an assault charge and Friday night the child was sentenced to pay a \$100 fine or spend 100 days in jail. The mother who denied she beat the child brutally but merely administered a good, deserved spanking, refused the fine and elected to take the jail sentence to show her belief that she was right.

## MOTHER JAILED IN WHIPPING AFFAIR

Prefers 100 Days in Workhouse to \$100 Fine for "Brutality"

Kansas City, Kan.—(AP)—Placing her diamonds in custody of her husband, Mrs. Christine Woodside, 31, former snake charmer and lion tamer in a carnival, has elected to spend 100 days in the workhouse rather than pay a \$100 fine imposed for spanking her 16-year-old daughter.

Informed by Judge Fred R. White that he believed the spanking had been "unwarrantedly severe," and that she must pay \$100 and costs or go to jail, Mrs. Woodside handed three diamond rings to her husband, C. R. Woodside and with a smile left for a cell. She forbade Mr. Woodside to tell the girl, Lorene Jones, to pay the fine.

Arraigned in Judge White's court here Friday night following her arrest on a complaint charging assault, which was sworn to by Lorene, the mother admitted whipping the girl Sunday last with a coat hanger. She said Lorene refused to give an account of a trip she made in the family automobile.

"Parents have a right to punish their children, but they have no right to be brutal," Judge White said in imposing sentence.

"I'll go to jail for it," Mrs. Woodside, "I'll go to jail for it. That will be as hard on Lorene as it will be on me."

## FISCHER BUYS PROPERTY FOR THEATRE HERE

Complete Purchase of Sigi Property for Erection of Playhouse Seating 1,700

Announcement was made Friday by the real estate firm of Carroll and Carroll that the John Sigi property, 312-22 W. College has been purchased by agents of Fischer's Paramount theatre company, and that a new theatre with a seating capacity of 1,700 will be erected there, the work beginning May 1.

The purchase takes in what is known as the Sigi hotel, a vacant lot on the west, the building formerly occupied by Wagner's Auto service and recently destroyed by fire and an old frame building now occupied by Frank Fischer's second-hand store.

The property has 120 feet frontage on College-ave and 150 feet deep.

All of the property, with the exception of a strip 30 feet deep and 80 feet long, on the alley, which was obtained from A. G. Downer, was obtained from Mr. Sigi.

The buildings to be torn down are some of the oldest in Appleton. The hotel building was at one time known as the Washington hotel.

While the cost of the new theatre building has not been announced, representatives of the company say that it will be of the latest designs and will have a stage large enough for large theatrical productions. The building is to be completed and ready for occupancy October 1.

## WOMAN FLIES 6,000 MILES FOR 'HOLIDAY'

London.—(AP)—Lady Mary Bailey who is the wife of a millionaire and has won a trophy for being the outstanding woman aviator of 1927, Saturday was embarked on a solo flight to Cape Town as her "summer holiday."

"I am travelling light," she said as she climbed into her own De Havilland moth plane at Croydon airfield. "I mean to make a comfortable trip. This is my summer holiday."

The trip, Lady Bailey continued, was purely for private amusement—to see how far she could get.

Her destination is Capetown, 6,000 miles away.

After circling the airfield in a slight snow flurry she sped southward on the first of the series of short stages in which she intends to make the flight, landing at Paris Friday night. Other stops include Rome, Malta, Beirut and Cairo and she will probably drop in on friends en route. She hopes finally to join her husband, Sir Abe Bailey, Transvaal mine owner, who is now in South Africa.

## FRANCE ATTEMPTS TO RECOVER RUSSIAN GOLD

New York.—(AP)—Twenty crimson checks containing \$3,201,000 in Russian gold Saturday were involved in a complicated legal mesh with their ownership at issue.

Suit was filed by the Bank of France in the federal court here to recover the gold bars which are now held by the Equitable Trust Co. and the Chase National bank. The suit is based on the assertion that the metal was stolen from the vaults of the state bank of the Russian Empire after the Bolshevik revolution.

Williams found extradition before Governor Theodore Christman and attempted to introduce a plea of insanity.

The jury deliberated one and one-half hours before returning a verdict of guilty.

## 30 MINERS ENTOMBED IN MEXICAN CAVE-IN

Mexico City.—(AP)—A dispatch to Ex-celsior Saturday said that 30 miners were entombed in one of the tunnels of the Aurora Mine, near Tezcuilcan, state of Puebla.

Fire broke out inside of the mine and part of the walls caved in when burning timbers gave way.

Sixty miners were rescued. Thirty others were believed to be inside and little hope was held for their safety.

## RECOMMEND LIFE FOR HICKMAN, WELBY HUNT

Los Angeles.—(AP)—The jury of six men and six women Saturday found William Edward Hickman and Welby Hunt guilty of the murder of C. Ivy Thoms and recommended life imprisonment for both.

## 'Lame Duck' Still Limp In Congress

House Kills Bill to End Short Sessions, Approved Four Times by Senate

Washington.—(AP)—The "Lame Duck" will continue to limp on Capitol hill after the next elections.

Coming before the house for the first time, the four-times senate approved constitutional amendment to abolish those biannual three-months sessions of congress popularly known as the "Lame Duck" term was turned down Friday, 209 to 157, thirty-six votes short of the two-thirds necessary for approval.

Party lines were obligated on the final vote, 89 Republicans joining 118 Democrats and two Farmer-Labor members in support of the amendment, and 102 Republicans combining with 55 Democrats in opposition.

The action, coming after three days of heated debate, killed the chances of the proposal's adoption as this session. Had it been adopted, the legislature of three-fourths of the states would have had to approve it before it joined the other 19 amendments of the constitution.

The amendment, attacked vigorously by Republican leaders, would have changed the meeting date of congress from the first Monday in December to the first Monday in January, thus convening it two months after an election instead of 13 months as at present and wiping out the short session at which the "Lame Ducks" or members defeated in November are permitted to sit until adjournment March 4.

## KIDNAPERS GIVEN WAUPUN SENTENCES

Terms Range from Two to Ten Years in River Falls Watchman Case

Ellsworth.—(AP)—The three St. Paul men charged with kidnaping Roy Hyatt, River Falls night, was charged Friday were found guilty in circuit court and sentenced to the state penitentiary at Waupun.

The three and their sentences are: Larry Wilkus, ten years; Tom Plattner, three years; and Charles Wurst, two years.

They were convicted on a charge of kidnaping Hyatt on the night of Jan. 15 when the night watchman thwarted an alleged attempt to rob a jewelry store in River Falls.

They forced him into a truck and sped toward St. Paul where they were met by a police gun squad of that city. Plattner received gunshot wounds in a running gunfight which followed the meeting of the police and the trio. Wilkus and Wurst were arrested later by the St. Paul police.

Wilkus and Wurst made no statement when sentenced by Judge George Thompson, but Plattner maintained that he was innocent of the charge and that he merely acted as driver of the truck which was rented by the other members of the trio. He also stated that there was another member in the group whom he did not know.

Wilkus found extradition before Governor Theodore Christman and attempted to introduce a plea of insanity.

The jury deliberated one and one-half hours before returning a verdict of guilty.

## ACCUSE MILWAUKEE MAN OF EMBEZZLING

Milwaukee.—(AP)—Ray C. Twining, Milwaukee attorney and former disgraced state auditor, was charged Saturday with embezzlement of \$236, in a warrant issued Friday on complaint of the State Finance Loan and Security Co. The concern claimed Twining obtained a judgment for and failed to turn over the money.

## Mysterious Memorandum Enlivens Oil Hearings

Washington.—(AP)—A rather drab hearing of the senate Teapot Dome committee was enlivened Saturday by the production of a mysterious memorandum containing such names as "Wicks," Dupont," "Butler," and "Andy."

The witness on the stand at the moment said that "Andy" might be "Candy" but admitted it was possible it might also be "Andy." Committee members spent considerable time on the document.

The memorandum was taken from the files of the John C. Pratt of New York, who was a heavy contributor to the Republican national committee. It had to do with a contribution of \$30,000 that Pratt made to the Republican political chest in November, 1923. Will H. Hays, former chairman of the Republican national committee, testified recently that he obtained \$250,000 in Liberty bonds from Harry F. Sinclair, lessee of Teapot Dome, late in 1923 and that he sent \$75,000 of them to Senator T. Coleman DuPont of Delaware, to pay off a note and \$25,000 to the late John W. Weeks, secretary of war in the Harding cabinet for use in helping to distinguish the deficit of the Republican national committee.

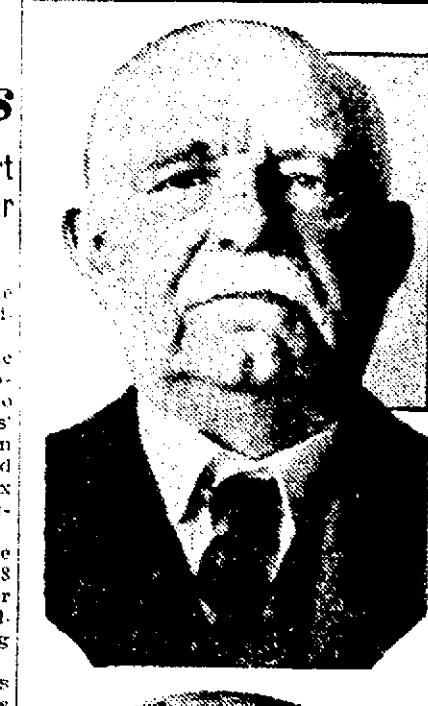

## WILLIS ATTACKS HOOVER, DICTATING NEWSPAPERS

Columbus, Ohio.—(AP)—Turning from an attack on Herbert Hoover, his opponent in the Ohio primaries, Senator Frank B. Willis in an address here Saturday assailed certain newspapers which he contended were trying to dictate nominees for president.

He did not refer in his prepared speech to the newspapers by name, but the context of his remarks showed clearly that he meant the Scripps-Howard chain.

Willis refrained from using the name of the commerce secretary, who is in the field against him for the Ohio delegation to the Kansas City convention. But he managed, without being so specific, to re-emphasize his contention that Mr. Hoover is "internationally minded," a belief in "the league of nations," and out of sympathy with the Orthodox Republican," views on the tariff.

## TELL OF GIFTS

Witnesses before the Senate Public Lands Committee gave testimony the other day linking the Teapot Dome "dubious fund" with the Republican National Committee's 1920 campaign deficit.

James A. Patten, veteran of the Chicago grain market, testified that at the request of the late Fred G. Upham of Chicago, former U. S. E. P. treasurer, he had acted as a "dummy contributor," buying \$25,000 worth of the \$100,000 in Liberty bonds given the committee by Harry Sinclair.

Patten's testimony bore out the contention of Senator Walsh of Montana that the Sinclair donations were sold by Republican leaders; and the "dubious fund" was an individual affair.

William V. Hodges of Denver, president of the Republican National Committee, testified that when he succeeded Upham, very few records of 1923 were turned over to him. The committee understands that most of Upham's books were burned soon after he died, in 1921.

## CAL FAVORS CAROLINA FOR SUMMER RESIDENCE

Washington.—(AP)—Various invitations so far received for this year's summer White House, President Coolidge finds one from the south, at Asheville, N. C., the most attractive.

Although a final decision has not yet been reached, a residence offered no later than Thursday by Philip S. Henry of Asheville, appears to the president to unite the essential features for his vacation home. Zoukandia, as the Henry mansion is known, occupies 199 or 129 acres of beautiful mountain at an altitude of about 3,000 feet or about 500 feet higher than the city proper.

## OFFICERS CALLED TO KEEP ORDER AT CUDAHY

Milwaukee.—(AP)—Demands of the Cudahy citizens committee that the school board submit to a district school meeting the question of an appeal to the Supreme court of the appeal in the case of Superintendent Edward C. Seifert caused another disturbance Friday night. School officers hurriedly called to the school board meeting preserved order.

John Schrank, clerk of the school board, in which is seeking to keep Seifert from resuming his position as superintendent, refused to accept service from Vernon Estes, temporary chairman of the citizens committee, to call a meeting of voters March 26 to decide whether an appeal shall be taken.

The appeal would be from the decision of Circuit Judge A. H. Reid who vindicated Seifert, and returned him to office, protected by a court injunction.

## THREE-YEAR-OLD GIRL DIES AS HOME BURNS

Milwaukee.—(AP)—A three-year-old girl burned to death and two firemen were injured slightly when the home of Joseph Gratz in Wauwatosa was destroyed by fire Friday night.

Marj, aged three, who was fatally burned, before the parents discovered the fire, was sleeping upstairs with four other children.

## READY TO END SPECIAL MEET OF LAWMAKERS

Resolution Favored Only After Assembly Retreats from Demand for Surtax

HUBER CHARGES GRAFT

Lieutenant Governor Demands Reason for Many Clerks During Session

Madison.—(AP)—After finishing all the business for which it was called Friday night, the legislature Saturday adjourned over the weekend to await a side adjournment.

Each house met at 10 Saturday morning, with about 20 assemblymen present and a dozen senators, and adjourned until Tuesday morning. At that time the governor's action on the appropriation and drivers' license bills is expected to be known and the date of final adjournment of the second special session will be fixed.

An appropriation of \$750,000 for the state's charitable and penal institutions was made by the legislature.

The emergency amount for the board of control institutions, identical to that suggested by Governor Fred R. Zimmerman in his call for the session, was passed only after the assembly had retreated from its long-held demand for a surtax to finance any such appropriation.

## CHANGE VOTES

When several of those who had voted consistently with Alvin C. Reis, Madison, progressive leader and principal in the surtax fight switched and announced their intention to vote for the senate's substitute for his bill, the tie went to the general fund appropriation bill, and it received a 39 to 26 vote on concurrence.

Senator H. L. Dewart, Milwaukee, was author of the substitute amendment adopted by the upper house and finally concurred in by the assembly. It gives \$750,000 to the board "to supplement appropriations heretofore made and to enable the board of control to carry out its work," providing, however, that "no portion of the fund shall be used for purposes for which other funds become available."

During the heated debate of the assembly surtax on the senate's original appropriation bill, which was finally discarded after adoption of the other measure, "the gauntlet" was flung down by several senators who announced that "the fight was on." Changes were made by Senator W. E. Smith, chairman of the joint finance committee that "Wisconsin has an attorney general that will give any opinion wanted by his side." He was speaking concerning the finding of unconstitutionality in his bill taking the \$750,000 appropriation from the unneeded balances of previous years of control appropriations.

Sensors George Blanchard, Edgeron, and Smith intimated their belief that Col. John Hannan, president of the board of control, had given the gauntlet and senate different views on the bill. Several senators spoke at length on the property tax. Senators Goodland and Schumann attacked the university's administration of funds.

Lieut. Governor Henry A. Huber, present in the senate, expressed his disapproval of the "apparent graft in clerical and police hire during the special session as the senate adjourned." He said that he could see no reason for having the entire force of clerks and sergeants at arms in the two houses as in the regular session, when there were but two bills before the houses.

Neither could the lieutenant governor understand the need for keeping several clerks, stenographic helpers and employees of the sergeant-at-arms in and about the legislative halls until the date of the adjournment, no business being scheduled to come before the houses.

OSHKOSH AND NEENAH  
HOCKEY TEAMS SPLIT  
LEAGUE LEADERSHIPBoard of Directors Takes  
Only Way Out and Will Divide  
Money Equally

Neenah—Oshkosh and Neenah Fox River Valley Hockey teams close the 1927-28 season tied for championship, both having won 5 and lost 1 game. This was decided by a 4 to 2 vote Friday evening at a meeting of the league directors held at the Neenah city hall.

The Oshkosh representatives moved to dismissthe decision and to engage a disinterested judge to decide, but the motion also lost by a 4 to 1 vote. The Neenah team based its claim on the championship on the results of the last game played here with the Oshkosh team, when two of the latter's team members, including the captain, walked off the ice at the end of the first quarter before the referee had declared the game off, leaving the game unfinished and a disappointed audience. Oshkosh based its claim on disallowing the forfeit and claiming the championship on the previous game, but the Oshkosh team still had enough men on the ice to finish the game which was called off by the referee. The Neenah team was willing to continue the game, President Bosch claimed, and would run as much chances of receiving injuries as the Oshkosh team, but the Oshkosh players ended the game abruptly and refused to continue.

According to the bylaws, only the board of directors can decide upon a forfeit and it was for this purpose the meeting was called. Oshkosh announced that it would not again enter a league and Neenah made the same announcement, claiming that it was very unsportsmanlike to have to engage in a wrangle at the end of each season to decide the championship.

The annual banquet will be held at Neenah sometime in April at which the championship funds will be equally divided among the two teams.

Those present at the meeting were Earl Bosch, president, Neenah; Pat Howlett and L. Walter, Oshkosh; Walter Adnan, Menasha; C. Kitzinger, Appleton Maroons; and A. Foster, Appleton Independents.

The breaking faith with the other teams by Oshkosh not fulfilling the contracts of the schedule by canceling league games to play outside teams, was discussed and the reason given by Oshkosh for not playing the game with Appleton Independents was that it knew it could defeat Appleton and had a chance to play the University of Wisconsin team at Oshkosh. This disrupted the schedule so that the entire schedule would not be played before the ice became poor.

NEENAH  
BOWLING

## KIMBERLY-CLARK

Neenah—Kimberly Clark bowling league teams rolled their weekly matches Friday night at Neenah alleys. John Kuehler rolled high series with a 624 total followed by Behnke with a 620 score.

Klein won three games from the Kimark No. 1 team, while Neenah won three from Kotex. Kimark No. 2 won the odd game from the Accounting department and Cellucotton won a pair from Neenah Mill.

Team standings:

SET APRIL 6 AS DATE  
FOR HINCKLEY TRIAL

Neenah—Laverne Hinckley, arrested last week at Merrill on a statutory charge made by a Neenah girl, appeared Friday in Municipal court, Oshkosh and his case was adjourned until 10 o'clock on the morning of April 6. Hinckley left here several weeks ago and was located at Merrill. The arrest was made by police of that city upon orders from Neenah police. He was brought back to Neenah where he waived preliminary hearing in Justice Jensen's court and was bound over to appear in Municipal court. Bail was set at \$1,000 which he was unable to furnish.

NAME POLICE FOR  
COUNTY HIGHWAYSWinnebago-co Officers Will  
Go on Duty as Soon as  
Weather Will Permit

Neenah—Winnebago-co board of supervisors, at its meeting Friday afternoon, reelected motorpolicemen Stip of Neenah; Stille and Abel of Oshkosh, and appointed Cunningham, of Omro, to take care of traffic within the county during the coming summer. Stip defeated Elmer Radtke of Neenah, by only one point for the position. The men will be placed on the roads within the next few weeks, as soon as the roads are passable.

A report of the highway committee, presented to the board, shows that the five and three-quarter mile stretch of 20-foot concrete highway, constructed by the county between Gillingham's corner and the North county line on highway 25 during 1927, cost \$142,715.78.

Of this total cost \$2,875 was figured for interest on garage investment and the general cost of highway administration for this share of the county road work. There also were deductions of \$4,622.87 for credits by board. Funds available were \$81,000.176, state aid, \$70,000 actually raised by the county and included in the appropriation, and \$3,000, special benefits. The amount actually spent totaled \$129,843.73. This leaves a balance of \$15,057.98 not spent.

TWIN CITY  
CHURCHES

**FIRST PRESBYTERIAN**  
The Rev. D. C. Jones, Pastor  
Sunday school, 9:30; morning services, 10:30; Epworth League, 6:30; evening services, 7:30.

**WHITING MEMORIAL BAPTIST**  
The Rev. U. E. Gibson, Pastor  
Sunday school, 10 o'clock; morning services, 10 o'clock; Baptist Young People's union, 6:30 and evening services at 7:30.

**METHODIST**  
The Rev. J. C. Reydall, Pastor  
Sunday school, 9:30; morning services, 10:30; Epworth League, 6:30; evening services, 7:30.

Sunday school, 9:15; morning services, 10:50 o'clock.

RELIEF CORPS WOMEN  
GIVEN APPOINTMENTS

Neenah—National general orders, presented at the Wednesday evening meeting of Neenah Women's Relief corps, names four members to National appointments. Mrs. Jennie Kellogg, president and Mrs. Fredrick Kellogg, treasurer, were appointed as national aids; Mrs. Anna Beisenstein, secretary, and Marie Handler, senior vice president as department aids. Mrs. Herriek now holds local, state and national offices and is past district president.

START RAISING MONEY  
FOR BAND INSTRUMENTS

Neenah—The high school orchestra will receive the benefits derived from the Monday and Tuesday evening performances at the Neenah theatre. All money derived from this source will be used to equip the orchestra with instruments and music. The pupils have started selling the special benefit tickets.

## AT BROOKS FUNERAL

Neenah—A large delegation of Knights of Pythias and Pythian Sisters went to Dale Friday to attend the funeral of George Brooks. The lodge held charge of the services and the Sisters' quartet rendered music for the occasion. Burial was at Oshkosh cemetery.

NEENAH CAGERS BEAT  
W. DEPERE AND TAKE  
LEAD IN CONFERENCEWin by Score of 24 to 20 After  
Trailing Through Three  
Quarters

Neenah—The Neenah high school basketball team is champion of the Northeastern conference, clamping its right to head the list of eight teams by winning the game Friday evening at W. Deperre by a score of 24 to 20. The Neenah team next week at Menasha as a prospective winner. The game at W. Deperre, which was an extra one added to the schedule at a late hour in order to even up the number of games played by other teams which were hanging close to the first place position, was a hard fought one and was no easy task, even though the first game played by the two teams here last week was one sided in Neenah's favor.

The first quarter ended 12 to 4 in Deperre's favor, the Deperre team still being in the lead at the half by a score of 13 to 03 points. In the third quarter and the old original machine started to work with the third quarter ending 20 to 13, with Deperre still in the lead.

With this game, which was the last on the Neenah schedule, Neenah's center, has .03 points to his credit and Haase, forward, close behind with a total of 101 points.

Coach Ole Jorgenson's regulars, Haase, captain, Schneller, Radtke, Ehlers and Johnson, with the assistance of Thermanson, Nelson, Pratt, Gaertner, H. Neubauer, Stride, Ebbcock, Staeker, Bell, L. Neubauer and Christensen have played a hard season, playing 13 games in all, and losing but one game.

The team, during the 1927-28 schedule, defeated the Alumni team by a score of 13 to 8; Shawano, 21 to 13; Appleton, 20 to 15; Gillett, 23 to 13; Ripon, 20 to 14; Appleton, second game, 20 to 18; Menasha, 31 to 16; Sturgeon Bay, 31 to 26; Kaukauna, 26 to 8; Kaukauna, second game, 36 to 17; Menasha, second game, 30 to 17; W. Deperre, 34 to 25 and W. Deperre, second game, 20 to 13.

Friday's summary:

NEENAH  
PERSONALS

Neenah—Mr. and Mrs. D. K. Brown have returned from a visit with relatives in the west.

More than 100 Neenah people witnessed the basketball game played by Neenah and W. Deperre teams Friday evening at Deperre.

James Keating has returned from Chicago where he spent the last few days. He accompanied his brother, John Keating, to Ft. Sheridan, Ill., where the brother took and passed examinations required to enter West Point.

Gilbert Krueger is home from the University of Wisconsin to spend the weekend with his father, Hugo Krueger.

Harold Jones is home from the University of Wisconsin to spend the weekend with his parents, Mr. and Mrs. Edgar Jones.

Otto Steffanson is home from his school work at Kenosha to spend the weekend with his parents, Mr. and Mrs. C. C. Steffanson.

Edward Johnson is reported ill at his home on Walnut.

Paul Droske has purchased the E. C. Ehrigoot property at Main and Harrison streets.

Russell Gilbertson, route 14, Larson, had his tonsils removed Saturday at Theda Clark hospital.

Mrs. Louis Senter of Larsen, submitted to a major operation Saturday at Theda Clark hospital.

Charles Seager, Menasha, submitted to an operation Saturday morning at Theda Clark hospital.

## NEENAH SOCIETY

Neenah—Miss Dallas Campbell entertained a group of young people Thursday evening at the home of her parents, Mr. and Mrs. William Campbell, in honor of her eight birthday anniversary. The time was spent in playing games.

Eastern Star will have a 6:30 dinner preceding its monthly meeting next Wednesday evening at Masonic temple.

The Betsey Ross Memorial club met Friday evening with Mrs. B. A. Besse at her home on E. Franklin-ave. Arrangements were made for a series of entertainments to be given at the Winnebago poor institutions in the near future. At each visit of the club to the institution, a program is given followed by distribution of useful gifts to the inmates.

Skat will be played Saturday evening at the weekly card tournament conducted at the Neenah club.

The Eagles will conduct a card party Saturday evening at the acric hall. The time will be spent in playing schafkopf.

## COMMISSIONERS MEET

Neenah—The police and fire commission held a meeting Friday afternoon. An adjournment was taken until 5 o'clock on the afternoon of March 18 when it will have a proposition laid up to present to the council meeting the following night.

LEGION MEN PROMOTE  
BOYS BASEBALL TEAMS

Neenah—Baseball players, especially among the boys under 16 years of age, will be interested to know that a move is underway by American Legion posts throughout the country to conduct tournaments among teams in the different state districts from which a team will be selected to represent the state in the later part of a national tournament, the winner to be known as the All American Junior baseball team.

Both the National league and the American league have appropriated big sums of money to promote baseball among the younger boys in this manner. Should Neenah people be interested, a team will be organized to play other teams in the county. The winner will then play in the Sixth district tournament and finally, should it survive this tournament, will enter the state tournament. Neenah is part in by the winners of all the districts. The tournament will be conducted on lines similar to the basketball tournaments.

SCHNELLER TO TALK  
AT CLUB MEETING

Neenah—Col. F. J. Schneller, founder, promoter and organizer of the Fraternity club, will be the speaker Tuesday evening at the Fraternity club meeting to be held at the Methodist church. Col. Schneller will talk on the great war from a viewpoint 10 years after its close, giving a review of conditions found by him last fall when he attended the Legion convention at Paris. The program will be in charge of E. S. Shumway and will be of patriotic interest. Col. Schneller will read Theodore O'Hara's 'The Bivouac of the Dead.' The program will follow a dinner to be served at 6:30 by a committee headed by A. M. Haselkins.

WILL SHOW MOVIES AT  
SPORTSMENS MEETING

Neenah—Neenah Sportsman's club directors met Friday evening at the city hall to make plans for the club meeting next Wednesday evening at Banish Brown's hall. Arrangements have been made to show five reels of motion pictures on the subject of fishing. Following the meeting a lunch will be served and the idea of purchasing a number of baby pheasants as a start for stocking the woods in this vicinity for future hunting will be discussed. Notices have been sent to every member of the club and to those wishing to join, asking them to be present at this meeting which will be most important.

JORGENSEN'S AUTO  
DAMAGED IN ACCIDENT

Neenah—An auto owned and driven by Coach Ole Jorgenson, was badly damaged Friday night while on the way home from the Neenah-W. Deperre basketball game. Mr. Jorgenson had turned out to allow a car driven by Loren Grazon, Appleton, to pass, but instead of passing, the Appleton car headed straight into the side of his car. The Appleton car went into the ditch and struck a telephone pole. None of the passengers in either car were injured.

CANDIDATES CONTINUE  
TO TAKE OUT PAPERS

Neenah—Candidates for the different municipal offices will continue to take out their nomination papers notwithstanding there are more than half a dozen after the same office. Unlike neighboring cities, Menasha has no primary so none of the candidates are eliminated prior to election day. Some of the candidates are: Mayor, way from 10 to 16 candidates. For instance, one particular ward has eight candidates for alderman, four for assessor, two for mayor, one for justice of the peace and one for supervisor.

SHAWANO BASKETEERS  
BEAT MENASHA TEAM

Menasha—Menasha high school basketball team was defeated at Shawano Friday night by a score of 23 to 11. Godhardt was not in the game, having been injured in a fall, and another handicap was that members of the team were more or less exhausted after being stalled in the snow for several hours. They did not reach their destination until late in the evening, after returning to Appleton for a while. They were then shovelled out, and after reaching Shawano-on-line and assisted the driver in getting over many of the worst spots.

KEEFE DROPS CHARGE  
AGAINST MRS. ELKINS

Menasha—Judge Goss in municipal court at Oshkosh Friday dismissed a case pending against Bessie Harris, also known as Mrs. Bessie Elkins, who was charged with conducting a disorderly place in Menasha on Nov. 5. Mrs. Elkins was one of the chief petitioner's witnesses in the proceedings held before a special commissioner regarding charges against Sheriff Plummer. District Attorney Keefe informed the court Friday that her testimony at that hearing had earned her immunity to prosecution in the action.

STATE DEPUTIES WILL  
SEEK FIRE HAZARDS

Menasha—Wisconsin State Fire Prevention association will inspect Menasha Thursday, March 15. The affair is being sponsored by the Kiwanis club and the Rotary club which will entertain the visitors at a dinner at Hotel Menasha in the evening. A program is being arranged for the occasion and the result of the inspection will be made known by one of the commissioners. Trained men will inspect the building of the business district, both inside and out, in an effort to rid them of fire hazards. Churches and other public buildings also will be inspected.

ON MENASHA'S  
BOWLING ALLEYS

**THREE MAN LEAGUE**  
Menasha—High scores were rolled again Friday night at the weekly session of the Menasha Major Bowling league at Menasha alleys. While Bleeker won high series, 320, Kellenhauser was a close second with 319. Bleeker also won high game, 236. His individual scores were 190, 175, 236 and 215. Kellenhauser's games were 229, 225, 179 and 183. Hackstock rolled a series of 817 which averaged well. His games were 234, 194, 199 and 190.

Scores:	Holley Baking Co.

FOR DRIVING TOO FAST**

Totals	558 592 580 571
--------	-----------------

APPLETON MAN IS FINED  
FOR DRIVING TOO FAST

Menasha—Harry Liehen of Appleton was arrested Friday charged with exceeding the speed limit. He was fined \$5 and costs when he appeared before Justice, F. J. Budney. Joseph Markel was arraigned in court Saturday morning charged with intoxication. He was fined \$5 and costs.

SOCIAL ITEMS  
AT MENASHA

Menasha—Mrs. Henry Rohe entertained the Linger Longer club Thursday afternoon at her home on Nymut-st. Cards were played and honors won by Mrs. William Bulbitt, Mrs. Hattie Zielinski and Margaret Klopfel. The next meeting will be held at the home of Mrs. Bulbitt.

Menasha club will give a St. Patrick's day card party Thursday, March 14. Dr. and Mrs. G. E. Forkin will be chairman and will be assisted by Mr. and Mrs. T. B. McGilgan, Mr. and Mrs. W. H. Trilling, Mr. and Mrs. William Masters and Mr. and Mrs. George Elwers.

ZEININGER PURCHASES  
EASTERN TRANSIT LINE

Menasha—Edward Zeininger of Menasha has purchased the Eastern Transit Line which operates busses daily between Neenah, Menasha, Appleton and Manitowish. The deal went into effect Saturday.

MENASHA COUNCIL TO  
MEET MONDAY NIGHT

Menasha—An adjourned meeting of the common council will be held Monday evening at the city hall. Business left over from the session a week ago will be considered.

Recklessness Of Marines  
Helps Keep Congress Busy

Washington—The Army and the Navy have both been purchased by the International Longshoremen's Association. They will find the streets are guarded by the United States Marines.

After that, though the marines' song ends there, there will undoubtedly be a few casualties among the innocent bystanders to be taken care of by the hospital authorities.

In the last batch of bills received from Capitol Hill, one find, without bothering to make a complete list, these provisions for legislation:

# LATEST NEWS OF THE AUTOMOBILE INDUSTRY

## CLAIMS QUIET AUTOS PREVENT ACCIDENTS

Failure to Hear Warning Signals Cause of Many Fatalities, Experts Say

Quiet operation of an automobile is a vital factor in accident prevention, according to safety experts. Investigation of thousands of accidents has proved that many mishaps are due to the failure of a driver to hear warning signals because of the noise and rumble of his own car.

This important safety feature is now engaging the attention of automotive engineers, and one of the most striking and recent results of their study of this phase of design is in the new Oldsmobile Six recently introduced. The Oldsmobile engineers report that they gave particular attention to noise and as a result have developed a "silenced chassis" and a "silenced body interior" on the new Oldsmobile.

Nine different potential noise producers were given consideration when the engineers took up this problem, according to John G. Wood, Oldsmobile's chief engineer. They were the engine, mounting, clutch, contact of sheet metal parts, contact between wires and pipes with sheet metal, spring shackles, the propeller shaft, bumpers and the sheet metal dash separating the engine from the front seat compartment.

Engine noise is chiefly due to vibration," said Mr. Wood, "and, therefore, it was doubly important that this be eliminated. We accomplished this result through our engine design, which include a crankshaft so balanced that vibration dampeners and counter weights were not required, proper cam shaft contour and valve operating mechanism and by reinforcing the crankcase with double ribs cast into the case and extending the length of the engine on each side. This latter feature is a new development which assures perfect alignment of all moving parts by holding the crankcase absolutely rigid.

"Another new feature was developed in mounting the engine on rubber at four points. The rubber mountings are pyramid shaped and confined in metal. No metal to metal contact between the engine and chassis exists. In this new mounting the two primary problems of using rubber supports have been overcome. These are the shaking of the engine when the rubber mounting is not confined in metal and the loss of the shock absorbing properties of the rubber when the mountings are too closely compressed. Through the type mounting we developed, the vibratory shocks are absorbed by the natural resilient action of the rubber, and because of the pyramid shape of the mounting, a self-cleaning factor is introduced in these new supports in which resistance is set up in relation to the severity of the shock.

"The clutch is a frequent transmitter of noise, and this was overcome by using a triangular core section of rubber in the center of the disc. The function of this rubber filler is to reduce the shock of sudden clutch engagement, insure correct alignment of the disc and to dampen out any vibration that might develop in the power line.

"The other potential contributors to noisy operation were overcome by using fabric banding between sheet metal parts, rubber and felt insulation where pipe lines or wires are attached to sheet metal, self-lubricating springs shackles with large oil reservoirs, a new combination of propeller shaft universal joints, rubber mounted bumpers front and rear and by lining the entire front compartment to the top of the cowl with a rubber mat backed with thick felt padding."

## WHAT IS A GOOD RIDE?

This delicate instrument, known as a "riding quality accelerometer," weighs as much as an average man. It is mounted on the seat cushion of a moving car where its mechanism registers a complete record of the riding qualities of the car on a moving celluloid tape.

Score another point for the automotive research engineer who has developed an instrument which will measure the riding qualities of a motor car.

One of the chief difficulties engineers have encountered in their study of riding qualities was the lack of an accurate standard of measurement. Thus it is of considerable interest that the Studebaker engineers at Studebaker and Erskine cars have developed a "human accelerometer" which records variation in the riding qualities of a motor car over all sorts and conditions of road, and at any speed.

The machine may be mounted on the front or rear seat of a car, and is approximately the same weight as the average passenger. As the car passes over the various types of road surface encountered on the proving ground the vibration that a passenger would receive is recorded by the record from green spring design, indicating the road surface, the speed of

## New York's Biggest Electric Sign--Five Stories High, Half a Block Long--Tells of Victory Six

The last word in Spectacular Display, located at Forty-seventh street and Broadway, Longacre Square, enlightens the public as to the latest achievement of Dodge Brothers, Inc.

Briefly, the facts about this gigantic electric sign are as follows:

It contains 5,500 square feet of space; carries a load of 280,855 watts, the largest current consumption on Broadway; has letters sixteen feet high and fourteen feet wide with a stroke of three feet; contains 8,115 lamps; is built entirely of copper and requires

about twenty miles of wiring. It embodies new principles of illuminating reflectors and construction of the moving message, or motor-graph, at the foot of the sign.

The illustration above shows the sign and in the inset are S. N. Holliday, of the General Outdoor Advertising Company (left), Lee J. Eastman, president of the Broadway Association, who pressed the button to first illuminating the sign on February 1 (center), and C. M. Bishop, president of the New York Dodge Brothers Dealer Company (right).

## AUTO CLUBS WORKING FOR ADOPTION OF BROWNE BILL

Wisconsin will get \$4,734,276.34 from the federal government to provide for road improvement if the bill presented by Representative Browne, now before congress, is adopted according to a letter received by Kenneth Corbett, secretary of the chamber of commerce, from officers of the Automobile club of Illinois.

The bill calls for the division of money received from the sale of surplus war material in France and the above amount would be Wisconsin's share, the states receiving ninety percent and the rest being used for roads in national forests and national capital.

## DODGE BROTHERS LINE SHOWS BIG INCREASE

Factory output of Dodge Brothers passenger cars and Graham Brothers trucks during the month of February from the plants of Dodge Brothers, Inc. in the United States and Canada, according to preliminary figures released by the factory in Detroit today was 20,727 units, a gain of 25.9 percent over February last year when the total was 16,463.

The gain over January this year, when 12,764 units were shipped is 62.3 percent.

Owls' eyes are fixed, but as compensation they can turn their heads almost in a complete circle.

## NEW BODY TYPES FOR LATE MODEL HUDSONS

Longer Hood, Narrower Radiator and Nicked Cross Bars Are Features

On a 118-inch wheelbase Hudson presents a new series of standard models which meet the demand for, exceptional Hudson performance in a group of cars of phenomenal Hudson quality value.

The new Hudson makes a notable contribution to the growing vogue for cars of American design and efficiency to make swift use of the world's greatest highway system.

Three new body types, a coach and four door sedan and a coupe with rumble seat are available on a chassis which is precisely the same as the longer 127-inch Hudson chassis except for length. Later in the year there will be added an attractive roadster with rumble seat.

The new Hudson hood is long and high with a deep, slender radiator of new design. Headlamps, Colonial in character, are carried on a nicked cross bar and braced by vertical standards from the frame. Contrasting with the high radiator design, fenders with their aprons, sweep widely out in one clean arc to a beaded edge. A sculptured, fleet-winger figure caps the radiator. The distinctive character of this Hudson front end is carried back into the body with low, flat roof lines, with wide fenders sweeping back to meet short running boards and with wide windows of low oblong shape.

Within the bodies manifest improvements in both comfort and appearance are evident. Rich wool and mohair are used for interior lining and upholstery fabrics. Hardware of special Colonial design, and smoking cases are pleasing accents in the scheme of decoration.

These new Hudson bodies are rich in appearance, sturdily built. Rear body panels are two large seamless panels, joined together at the belt moulding. Rugged steel and malleable brackets join side and rear members rigidly to body and roof sills. Piano-type door hinges recessed into the body panels hold doors permanently in position.

Close the door of one of these standard Hudson bodies it closes solidly without resonance, eloquent of the very substantial way in which these cars have been designed and constructed.

From these finer looking Hudson cars you may expect a phenomenal performance. Riding qualities obtained by Hudson's unique hanging of long, semi-elliptic springs gives a sense of security to the flashing, speedy pickup and high speed performance of the Hudson high compression Super-Six power plant. A tun behind the wheel of these newest Hudsons will furnish you with a new thrilling motoring experience.

## SON OF JAY GOULD IS CHILDREN'S BENEFACTOR

Houston, Tex.—(AP)—An unnamed stranger walked into the De Pelich Faith Home for Children here recently, said his name was Gould, and asked to see the children.

Most of them were in school, but when they appeared there was a romp for the man, whom they remembered from his last visit three years before. He was Edwin Gould, son of Jay Gould, the financier.

Gold gave the home \$5,000 three years ago, and since has sent money, clothing, toys, food and books at regular intervals.

He explained to the children that he was going from New York to the West Indies, and on reaching New Orleans, had decided to pay the home a visit.

## PACKARD 8 LINE HAS 53 SEPARATE MODELS

Specially Designed Interior Decorations Also Makes Car Outstanding

More than ordinary interest has been shown in the announcement of a new eight cylinder car, made by the Packard Motor Car Company last week. The Packard Standard Eight, as the car is called, has attracted unusual attention because it enters a field among motor car sales classifications which had not been occupied before.

Packard executives say it will take care of the thousands of people who want all the performance, beauty, comfort and prestige that has characterized the Packard Eight, but who do not desire the extra luxuries of a custom built car. The Standard Eight completes the Packard line by providing a car priced between the Packard Six and the Packard Custom Eight.

With it, Packard now has 53 different models from which to choose. The Standard Eight has the same powerful chassis that has made the Packard Eight outstanding among motor cars used for traveling the open highways. Standard bodies also have the traditional Packard ideals of comfort, beauty and distinction and standard equipment is considerably beyond the usual. In addition, wood wheels with extra wheels and tires set in wells in the front fenders, trunk rack and other de luxe equipment is optional.

A broad selection of standard paint designs is offered on both the open and closed cars and appearance of the car is enhanced greatly by a nickel-crown band and cowl lamps. Enclosed cars are upholstered in fabrics exclusively woven for Packard, and open cars in leather.

The Packard Eight motor, power plant of the new car, develops 105 horse power on the dynamometer. With its eight cylinders in line it has been called one of the simplest of an automobile engines. It has nine main bearings, counterbalanced crankshaft, aluminum alloy pistons, full pressure feed lubrication system and among its other important features it has an auxiliary cylinder lubrication system which supplies oil directly to the pistons when the choke is pulled out for starting. As with Packard cars now being manufactured the chassis is automatically lubricated, simply by pulling a plunger located near the steering wheel.

The Standard Eight is being made in nine different body models, including seven passenger touring, four passenger coupe, five passenger club sedan, seven passenger sedan, seven passenger sedan limousine, four passenger runabout, five passenger phaeton, two passenger coupe and the two passenger convertible coupe.

## JOKE IS COSTLY FOR PARCHIM REVELLERS

Berlin—(AP)—It is not safe to play a practical joke on a tax collector in Germany, even in carnival time. At Parchim in Mecklenburg, three joyous revelers, masquerading as Frederick the Great, complete with his famous crutch-handled cane, his court marshall and his master of ceremonies, invaded the office of the local tax collector, who had made himself unpopular on account of his chronic reluctance in allowing abatements.

"Old Fritz," as all historians agree, had a free and easy way with his cane and his impersonator had learned his part to a nicety. The upshot of it all was that the local court, considering it was carnival time, imposed on the revelers a fine of 100 marks each "for insult and injury," but a higher court trod the fine, with an alternative of 20 days imprisonment, plus costs.

## SHOULD KEEP RECORD OF BATTERY UPKEEP

Regular Care Will Lower Price of Auto Care, Willard Dealer Says

BY AL SCHROEDER  
The storage battery is universally accepted to be one of the most vital working parts in the operation of the automobile.

Today every storage battery manufacturer is striving to build a battery which is as nearly perfect as it is possible to make—which will give a constant flow of current and withstand the most strenuous demands put upon it, and which will give maximum life at a minimum upkeep cost.

Also, it is the aim of every reputable battery man to furnish car owners with information which will enable them to keep their batteries in first-class condition and receive the care which their relation to the smooth running automobile entitles them.

The battery man's job, then, is to instruct every automobile owner as to how his battery should be taken care of and why it should receive this care.

The first point, of course, is that the work should be done by an authorized battery service station. All such stations have a service system by which car owners may have their batteries registered, each cell carefully tested from time to time, records kept of these tests and a card issued to the car owner giving him complete details of the inspection. This will give him a concise knowledge of the condition of his battery at all times.

The real object in such cards—in addition to getting the owner to take his battery seriously—is to make of each man's card a record of his battery's character. If he expects to receive an adjustment when for any reason the battery fails to give what he considers satisfactory service, he must have his battery regularly tested and his service card must show a clean bill of health. If he loses the card he loses the record. If he fails to have the tests made the records would show that he had neglected his battery at some particular testing period. He should be impressed with the fact that the card is the sole record by which he can judge whether he is giving his battery proper care and attention.

There are certain set values of such a service card to a car owner. In the first place, it shows proper care on his part. Secondly, it is a record on which adjustments can be computed. Third, the service station cannot evade responsibilities for a battery that has had proper care, but which has given unsatisfactory service. Too, these cards have a great deal of value to the service station. They impress on an owner importance of regular calls, which make him a regular customer. They give complete record of the owners care of the battery. They furnish the proper basis for adjustments. They reduce arguments with owners to a minimum by convincing them of the facts.

In connection with this testing service the car owner's battery is carefully filled with water, the terminals kept tight, which insures good connections, and the hold downs made secure, eliminating the jolting and strain on the battery—insuring longer life.

Such service as this is given to the motor public, without charge, by all service stations.

## OAKLANDS SELL WELL IN WINTER MONTHS

Production Schedule for March Calls for Increase in Number of Cars

The increasing factory facilities of the Oakland Motor Company and the high demand for the Oakland and Pontiac Sixes are reflected in a record March production schedule of 27,773 units which exceeds by more than 10,000 cars the company's output during March 1927.

January and February also witnessed the establishment of new Oakland-Pontiac records. As a result, by the end of March the company will have built more than 75,000 cars, a three month total exceeding by 112 per cent the 31,727 unit production during the first three months of 1927.

The completion during February of a third assembly line in the Pontiac Six factories contributed greatly toward the February record and is assisting the company materially in reaching its high March total.

Further production increases are anticipated in April when the new \$2,000,000 car assembly building for the Oakland All-American Six will be placed in operation. It is expected that the last week in March will be devoted to moving machinery and equipment from the present Oakland assembly building to the new structure which is similar in all details to the model assembly building of the Pontiac Six.

Keeping step with the growing demand for Oakland and Pontiac Sixes, W. R. Tracy, vice-president in charge of sales has expanded the field of organization through the establishment on March 1st of additional district offices at Milwaukee and Washington, D. C. The Oakland Motor Car Company now has 24 district offices, said to be the second largest district office group maintained by any automobile company. This expansion follows on the heels of the recent reorganization of the sales organization when Mr. Tracy opened regional offices at New York, Cleveland, Atlanta, Chicago, San Francisco and Kansas City, besides increasing the size and personnel of all district offices.

A "GRAND" FAMILY  
Decatur, Ind.—Little Latola Jane Eady, 3, daughter of Mr. and Mrs. Francis Eady, is well supplied with grandparents. In all, she has five grandparents living, two grandfathers, Frank Butler and Enoch Eady, and three grandmothers, William Butler, William McFarlane and John D. Andrews.

## A Buick-Load of Beauty

The young women draped over this Buick Sedan are Maurice Kussel's Dancing Debutantes, members of the "Sunny" company, and the car belongs to Mrs. Jane Davis, who has charge of the company wardrobe. Mrs. Davis recently bought the Buick from the Howard Automobile Company at Los Angeles, and the ten shown here have been riding in relays ever since.

## CHEVROLET DEMAND PASSES EXPECTATION

Factories Going at Full Blast and Continue to Lower Production Records

Responding to a demand unprecedented in its history, and with its factory and sales organizations operating at peak efficiency, the Chevrolet Motor Company in February set a new high monthly production record, with 31,727 units delivered, more than 20,000 units above February, 1927.

Production for the month just ended was 116,943 cars and trucks. The best previous Chevrolet month was May, 1927, with an output of 115,223 units. Production this February shows a 36 per cent gain over the 85,517 cars and trucks built last February, and is more than four times the 28,021 units built in February, 1925.

Domestic retail deliveries for this period are estimated at 50,000 units as against 53,272 in February, 1927. Since introduction of the Big Six and Better Chevrolet on January 1, previous records have been continually shattered before the buying public's business displayed throughout the world. A large number of cars now being built are going into the export market to meet the demand for the Chevrolet evident on every continent of the globe.

The fourteen domestic Chevrolet

plants are operating on full time to keep production on an even keel with out is piling up. Day and night shop assistants are coming out from the seven assembly plants in the United States to keep dealers everywhere stocked with an ample number to assure prompt delivery.

March promises to outdo even the high figures set during February.

As February volume set new records so January production and sales, exceeded by a wide margin any similar performance for the month in the history of the company.

January retail deliveries in the United States totaled 61,097 cars, against 42,650 in January, 1927, and 27,487 in January, 1926. Production was 91,581 cars and trucks against 73,670 the previous January.

Up to March 1, the total number of Big Six and Better Chevrolets built was 211,300 units. Chevrolets having been manufactured in December and shipped to dealers so that they might have cars for display purposes when the car was publicly announced on January 1. The achievement of building nearly a quarter of a million new cars in so short a space of time has never been duplicated in the history of the industry.

As a result of the reception the new car is receiving, which made possible the new records so far established in 1928, unbounded enthusiasm existed throughout the Chevrolet organization. Factory officials are more than ever confident that 1928 volume will be considerably above last year's figure when a million units were built by the Chevrolet Motor company.

## DODGE COMPANY TO SEEK AUTO SLOGAN

Offer Big Prizes for Best Description of Their New Victory Six

A nation-wide contest to find the best slogan that describes the performance of the new Victory Six car of Dodge Brothers, Inc., was launched March 1, through the organization of more than 1,500 direct and associate dealers of the company. A total of 708 prizes amounting to \$29,000 has been offered, the contest closing at midnight, March 31st.

The person who submits the best slogan of ten words or less in length, a cash prize of \$1,000 will be given by Dodge Brothers. The slogan must describe the performance of the car from impressions obtained in driving or riding in the new Victory. The lower center of gravity of the Victory car, the powerful flexible motor, the ease of turning and the feeling of safety in the battle-top type of body construction are features which may suggest the winning slogan.

A second prize of \$500 is offered in the contest, and in the event of a tie the full award will be given to each contestant. There are two third place prizes of \$250 each, twenty fourth place prizes of \$100 each, thirty fifth place prizes of \$50 each, 100 sixth place prizes of \$25 each and 200 seventh place prizes of \$10 each. Any one is eligible for this contest, except employees of Dodge Brothers, or their dealers, service stations or the relatives of such employees.

According to rules of the contest, it is not necessary to be a car owner to compete. The winning slogan must be submitted by a person who has received a demonstration in a Victory Six. The contest is open to owners of any make of car as well as to owners of Dodge Brothers cars. All that is necessary is for the person entering the contest to apply to the nearest Dodge Brothers dealer for a demonstration card which contains rules in detail and on which the slogan may be written. Contestants may submit any number of slogans, but all must be mailed to Contest Editor, Dodge Brothers, Inc., before midnight, March 31st.

Judge of the contest are: E. G. Williams, president of Dodge Brothers, Inc.; John R. Lee, general sales manager; and H. J. New and W. M. Purves, assistant sales managers. The decision of the judges will be final.

IDEA WAS O. K., BUT—  
Galesburg, Ill.—A Waukegan, Ill., farmer is in a hospital because an idea he had worked out too well in practice. William K. Glenn, walking home from work, decided the road would be less slippery for his bare feet. Putting his thoughts to action he removed his shoes and plodded on without further difficulty. But when he stopped at a farm house two hours later he found his feet were frozen.

## A TEST OF CHARACTER

As an armored bank truck swung down one of the streets in the city of New York just recently a bag containing \$52,000 fell out on the pavement and at the feet of Alexander Lubowsky, a painter who was jobless, broke and disheartened but had the responsibility in life of supporting a wife and two children. The money was in the form of five, ten and twenty dollar denominations neatly done up in packages, but within a half hour after finding the tempting treasure Lubowsky had returned it to the bank whose name was stamped on the bag.

Now Lubowsky has a savings bank book with an entry of \$1500.00 in it presented to him by what he terms the "big mucky-mucks." He also has the promise of a job. "Honest for forty years," said the painter, "why should I be dishonest now?"

It is quite likely that nine out of ten people would have done the same as Lubowsky. At least we like to think so. But his poverty and hard circumstances made the test of his character more difficult and yet served to establish the fineness of that very character.

Lubowsky has an excellent asset in addition to the \$1500.00 presented to him. He has credit. Others have the faith in him that comes through acid tests. Who would not trust him?

Lubowsky also has the thrill and glow that accompanies the satisfaction of having done the clean and wholesome thing though sorely tempted to do otherwise. We rather think his place in life is pretty well fixed.

If fortune favors him he may be able to leave his children some substantial property but he can leave them no finer heritage than the established reputation that has come to him through being painstakingly honest.

## STUDENTS AS PUBLIC SERVANTS

A student in a state university is a public servant and under an obligation to the taxpayers of the state, in the opinion of Clarence Cook Little, president of the University of Michigan. Therefore, the character of applicants for admission to the university is being examined to ascertain whether or not they are sufficiently responsible to be entrusted with the expenditure of public funds. This should, without a doubt, be the attitude of every state university.

A student is paid, in effect, a salary to attend such an institution, and it should be expected that he be of the finest character, understanding and appreciating thoroughly his responsibility to the state in the matter, and able and willing to discharge his responsibility. In the opinion of President Little, we need a merit system for the youth of America to pull it out of mediocrity. We need to find means of searching out the most able and brilliant and to provide means for them to fit themselves to give to the world the benefit of their superior gifts. It is for these more especially that state universities are designed, so that the possible circumstance of lack of private funds should not deprive the state of the benefit to be derived from the proper development of its natural talent and genius. When state universities exert too little discrimination in the choice of students and admit mediocre and irresponsible persons, the public moneys are being improperly expended.

The merit system could be very properly extended to the institutions themselves, such ones as conscientiously performed this important function of investigation and choice being rewarded with a greater proportion of state support. The use of such a system would tend to increase effectiveness all around.

## THE IMPORTANCE OF NAMES

Patou of Paris has been introducing some "new" colors to the spectrum of feminine attire. These are "a brilliant red," as a "strong green," which he has named respectively "English Red" and "Japanese Green." The latter, by the way, has already been dubbed "billiard green" by irreverent Americans. A third color, styled as "Egg Shell" and one hesitates to

guess whether this is white or brown or what, not knowing whether hens' eggs or robins' eggs or some other creatures' eggs were the source of the inspiration.

At any rate, an intriguing mystery has been solved by this news of Patou's colors. For long we have wondered how and where all the stylish names for colors and shades came from, and whether the same people who name Pullman cars are employed to name fashion tints. Now we know. The Paris style creators start the thing themselves, and daring Americans add variations of their own to complicate matters.

## AMERICAN FOREST WEEK

The week of April 22nd to 28th has been set apart in a proclamation by President Coolidge for nation-wide observance of American Forest week urging public discussion of forests and of what must be done to restore and safeguard them. The president emphasizes particularly the need for suppressing the forest fire evil and pointed out the benefits that will accrue from making the forest lands productive of continuous timber crops.

This has been a practice now for several years and has proved its usefulness. Many of our forested states, with the co-operation of timberland owners, have undertaken organized protection against forest fires, assisted in recent years by the support of the federal government under the provisions of the Clarke-McNary law.

But this protection must be extended and strengthened. Every year on the average of 80,000 fires scourge our woodlands, ruining their growth and undermining their vitality. The cooperation of everyone from the owner and the general public down to the individual who is careless, criminally careless, with fire in or near woodlands, and indifferent to the tremendous loss incurred because it does not happen to be a personal loss.

One-fourth of our American soil is best suited for forests, much of which land is already idle. To make this vast area productive continuous crops of timber would be of momentous consequence to the nation, giving agriculture a very valuable crop and giving employment to millions of men. It would be felt by every branch of industry and commerce and insure that most needful of human commodities, an adequate and uninterrupted wood supply.

So, in effect, says the president, and its truth and importance should so impress every citizen that he will give his utmost cooperation to Forest Week.

## GROWING OUR OWN RUBBER

Thomas A. Edison and Dr. John K. Small, noted botanist, are experimenting in Florida in the hope of turning the natural vegetation of waste lands to commercial account. Should their experiments prove successful, the cacti to be found in profusion in some of the vast wastes of the south and west may yield rubber for the tires of our motor cars and for the other numerous uses to which rubber is adaptable. Orchids, airplants and ferns are also being experimented with.

Should the present quest disclose the presence of rubber, it would be easily possible to cultivate these growths on a very extensive scale. In Florida alone the varieties of cacti, air plants, ferns and orchids are numerous and their possible area of cultivation extensive, but other vast areas of the South and Southwest offer almost limitless possibilities of expansion of cultivation of any such of these growths as may be found to yield rubber. An industry founded on the cultivation of these growths would have many advantages, the growths themselves being natural to the location, already growing plentifully, and upon soil in most instances unfit for any other vegetation, waste and of little value.

Rubber is already being cultivated in the Southwest, but rubber cultivation is a long process, especially in an alien location with differences of climate, temperature and soil to cope with. The possibilities of loss and failure are tremendous, complicating the financing of such ventures.

And the need of rubber is paramount and immediate. It is laudable to insure the needs of future generations, but the crying need is of the present; we need rubber quickly and, of course, as inexpensively as possible. Every possible source should be investigated. Some one may prove profitable.

Kansas City reporters who wanted to interview Frank O. Lowden in his train at Kansas City found him still abed at 9 a. m. And here we'd been thinking Frank was a farmer.

Thousands of "dwarf" farmers, each with his family working a few square rods to an acre and a half of land, produce millions of pounds of paprika in Hungary annually.

Landlubber, cagey, refuses to be caged. He knows he can't see the world from the cockpit of a roll-top desk.

## Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician and Author  
Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

## SIMPLE CHRONIC RHINITIS

In most cases of so called "nasal catarrh," constant running nose or incessant "cold in the head" in persons from 10 to 35 years of age, the proper medical examination shows the doctor that the condition is simple chronic rhinitis—chronic low grade inflammation of the lining membrane of the nose. The membrane is relaxed, boggy, flabby, lacking in tone, susceptible to congestion, in all respects unlike a healthy or normal mucous membrane. Flare out for yourself why it is so. I don't know whether any one factor or combination of factors is responsible; chronic rhinitis often follows the acute coryza occurring in the infectious diseases, or repeated attacks of ordinary acute coryza, or it develops gradually in a young person much exposed to overheated atmosphere, excessively dry atmosphere, dust, chemical irritants in industrial trades, smoke, or from long neglected adenoids or enlarged tonsils. Incidentally, unrecognized or undiagnosed chronic simple rhinitis accounts for much of the disappointment with the results of operations for adenoid and tonsil enlargement.

In the interest of good health we shall skip over the symptoms of simple chronic rhinitis right off. Your nose knows it isn't quite right if you are not too dumb yourself. Your doctor can tell the proper interior inspection whether you have chronic rhinitis. That's the only way to find out what the trouble is. Chronic rhinitis in one form or another is probably second in prevalence among civilized people and in most cases of chronic rhinitis the condition is simple rhinitis in the earlier stage and as such fairly amenable to suitable medical and hygienic treatment.

On second thought, I am going to mention some, well, not exactly symptoms, for they don't signify any particular trouble, but let us say indications that you need a proper medical examination of the nose and throat.

1. Any nasal discharge or watery running at the nose or troublesome secretion of mucus which demands frequent blowing of the nose or induces hawking by draining down the back of the throat.

2. Any obstruction of either side of the nose, permanently or now and then, so that you cannot breathe readily through the nose. Stuffs.

3. So called "nasal" voice.

4. Frequent sneezing without evident cause.

5. Obtunded sense of smell.

6. Dry and barking cough without apparent cause.

7. Mouth breathing.

8. Frequently recurring attacks of coryza.

Any or all of these indications may be due to simple chronic rhinitis, which, if properly diagnosed, is usually amenable to medical and hygienic treatment. We can't tell you what the medical or hygienic treatment should be; you can't treat yourself.

Probably most persons with simple chronic rhinitis just let the trouble drift along without seeking medical advice at all. This is a poor policy. It is comparable with the old-fashioned policy of letting troubles in the teeth go until a toothache or worse consequence drove the sufferer to the dentist. As a matter of common sense and economic efficiency, if you or any of your children has any of the indications listed, you should seek medical advice, just as you have small cavities in your teeth filled before they lead to serious illness.

## QUESTIONS AND ANSWERS

Fantus, Fancy, Fantum

The page inclosed is from a house organ of a notorious nostrum concern whose fraudulent methods I believe you yourself, among others, have publicly exposed. Still, this quickly concern quotes from the book by Dr. Fantus, recently published by the American Medical association, definite statements that various fatty substances (in salves or ointments) favor penetration. This Dr. Fantus evidently maintains that a certain degree of absorption is possible through the sebaceous glands of the skin. (H. K. W.)

Answer—Maybe the publisher is anxious to cater to some of the nostrums that advertise in the American Medical association publications. However, Dr. Fantus has no scientific ground for his quaint theory. Neither has the American Medical association. No scientific evidence has been adduced to support this fancy that medicaments are absorbed through the skin.

## From the Outside In

Please answer this question for our class: Does water freeze from the inside out or from the outside in? (D. J. W.)

Answer—It is almost as difficult as trying to explain why no dirt is found around the ground squirrels' holes. Watch a pond, and you will see the freeze-beds at the edges. Also the surface freezes first. So my guess is that freezing naturally occurs from the outside inward.

Tuberculosis Arrested  
I am an arrested T. B. case. A nurse said it is dangerous for me to be with my children. Am I forever barred from my home and my family? My trouble is never more than incipient. (H. J. M.)

Answer—If the tuberculosis is arrested you cannot infect anybody. Your doctor is the one to advise whether you may safely live with your children. (Copyright John F. Dine company)

## LOOKING BACKWARD

## TWENTY-FIVE YEARS AGO

Saturday, March 11, 1900

A six column paper was issued that day in place of the usual eight columns. Two pocketbooks containing a total of \$300 were missing the previous day. Michael Demuth and G. B. Curtis reported the losses and it was not known whether they had been robbed or the money had been lost.

The program given at Columbia hall on St. Patrick day was to include a v. a. solo by J. H. Ryan, readings by Miss McNevin and Arnold Perenboom and piano solos by Miss Farrell.

The Cho club was to meet the following Monday with Miss Godard at the home of Miss Morgan. The cooking class of Ryan high school was to give a supper to which the public was invited that evening. The proceeds were to be used to purchase new dishes for the domestic science department.

## TEN YEARS AGO

Saturday, March 9, 1918.

Victor L. Berger and other prominent Socialists were indicted by the federal grand jury for violating the espionage act.

The retail price of anthracite coal was reduced 20 cents. The cut was to be effective between April 1 and September 1.

Traveling in the country was exceedingly difficult for the country roads were blocked by large drifts of snow.

Prizes at the card party given by Pythian Sisters Friday afternoon were won by Mrs. George Schmidt and by Mrs. A. G. Koch.

Officers elected at the meeting of the Senior Olive Branch society the previous evening were: Theodore Norton, president; Alvin Kramer, vice president; Earl Kramer, secretary; Mildred Rely, financial secretary; Grace Poth, treasurer; Minnie Harp, librarian.

On and on goes the scandal brewed from Teapot Dome. It's one of the few instances, though when money talked loud enough to bore us.

Cuba is a body of land entirely surrounded by troubled waters.

## Finding the Way to the Elephant's Heart

## HASKIN WRITES TODAY

ON—

Washington, D. C. — A renewal of faith in American railroad and business genius has sprung from the announcement by the New York, New Haven, and Hartford Railroad of the payment of a dividend of \$1 per share on its common stock following a period of fifteen years in which the stock has paid not a cent. The announcement writes a new chapter, marks a gleaming milestone in the extraordinary history of this common carrier.

Officials of the Federal Government have a keen interest in the matter. Railroad men, financiers, economists, and, in particular, a numerous body of widows and orphans as well as other stockholders are feeling that they have witnessed and to an extent participated in the sort of miracle performed by the legendary phoenix which rose refreshed from the ashes of its own pyre.

A little more than fifteen years ago, the New Haven occupied a position in the American railroad world which was unique. Its common stock stood at \$200 per \$100 share. It paid dividends as regularly as the United States Treasury paid interest on its bonds. In fact, New Haven stock was regarded as almost on a parity with government bonds from the point of view of safety and stability.

Since that long-ago time, the New Haven has passed through amazing vicissitudes in which the names of the greatest in the world of business have been involved.

There was a man named Charles S. Mellen who was president of the road. He had a dream and sought to carry it out. Basking his judgment were such men as the elder J. Pierpont Morgan, Lewis Cass Leidy, William Rockefeller, Diamond Jim Brady, and many another, all bearing witness to the grandeur of the dream.

Mr. Mellen's dream was to make New England a transportation unit. He sincerely believed that the people of New England could be served better and more economically if one great transportation system, rather than a multiplicity of competing ones, met the needs of that section of the United States.

Mr. Mellen set to work. The common stock capitalization of the property was greatly increased. From \$20,000,000 to \$70,000,000. The money was expended in buying up other New England roads principally Boston and Maine and the Boston and Westchester, but trolley lines and steamships also were purchased. A total of \$204,000,000 was spent for this.

Two famous steamships, the Yale and the Harvard, the last word in steamship design at the time, were constructed for the New Haven to ply between Boston and New York. They now ply between San Francisco and Los Angeles.

CALLED A MONOPOLY  
To the end of his active career Mr. Mellen insisted that all would have been well had he been left alone. But Louis Brandeis of Boston, now an Associate Justice of the Supreme Court of the United States, was not in sympathy with the plan. There was an honest difference of opinion between him and Mr. Mellen. Mr. Brandeis, a citizen of Massachusetts, brought a suit against the New Haven to stop the monopolization of New England transportation.

The Federal Government at Washington brought suit under the Sherman anti-trust laws. At the instance of the Senate, the Interstate Commerce Commission made a thorough investigation into the whole matter. Mr. Brandeis acted as special assistant to the Attorney General in the Sherman law suit and as special counsel to the Interstate Commerce Commission in its inquiry.

Although admitting that some of the methods employed were perhaps somewhat forced, Mr. Mellen never would admit that the end did not justify the means and that it would be better for the people of New England on the one hand and the stockholders of the New Haven on the other to make New England a transportation unit under the control of the New York, New Haven, and Hartford Railroad. He stuck to his guns while many of his board of directors deserted.

A matter of quite vital moment is that some years later, after Mr. Mellen had been relieved as president of the road and an entire reorganization effected, the Governor took over all the railroads as a wartime measure.

One of its steps was to decide that New England was a natural transportation unit and it ordered the lines in that section to consolidate for purposes of operation. This step, ordered by the Government, was precisely what the Government had proposed Mr. Mellen for attempting.

Another interesting point is that the New Haven has come back to life again largely as the result of carrying out the original program. Public opinion having changed a good deal, it has gradually acquired the properties needed to strengthen it and under the leadership of E. J. Pearson, has gone back on a dividend paying basis.

400-YEAR-OLD CROSS  
Chester, Pa.—A wooden crucifix, 402 years old, has been in the family of George Hughes of this city since 1466. The figures on the cross, the Virgin Mary and the infant savior one on either side and the picture of the crucifixion on the other, are worn smooth from much handling.

## See-Sawing On Broadway

By Gilbert Swan

New York—Just across the street from where I write, an army of workers struggle with the stubborn rocks of Manhattan's undercrust. Day by day a jagged hole has been taking shape. Bricks have been tumbling from what was once a trim red building and the cold Greek lines of a corner bank have been turned into the jagged shapelessness of a decayed tooth.

Not that this is an unusual scene in New York. It just happens that not so many months hence a 38-story hotel, the largest in the world, will be shutting the light from my window. Men and women will literally be dwelling in the clouds.

The corner statistician tells me that there will be 3500 rooms; that once the hotel is filled and all the attendants are present, a city of 10,000 people will stare into my humble window. Employed in looking after it will be as many toilers as are required to maintain and police a city of that size. It is such a thing of imagination-tickers as this move in upon you that one begins to grow fearful and a bit awed by the giant whose growing power you like to forget.

Believe it or not, there's an old fellow in Union Square who spends his declining years making voices for dolls. As every good little girl knows, dolls can now say mama and papa and hence, there must be inventive folk in the world who manufacture the voices. But this old fellow has dedicated his life to increasing their vocabulary. Just now he's hard at work on a very tough doll which will not be welcomed into best families. For this doll is going to say, "Go to h—". Needless to say it will be modeled after our very modern young women.

And, once more, believe it or not, there's a hat check girl at the Breton-Hall Hotel who's been on the job for 25 years. She is said to know at least 100 hats by sight. She seldom actually gives checks since her years of service has made her acquainted with the hats of the hotel's patrons. And she has never made a mistake nor given the wrong man the wrong hat. Furthermore she's learned the style of hat preferred by a large number of prominent New Yorkers and can tell you the brands and models that best become them. Many come to her for advice regarding their hats.

The "beauty business" having reached the status of the sixth or seventh industry—or something like that—those palaces dedicated to midlife's vanity are constantly introducing fads to lure the ladies within their fates.

The latest is a "beauty bar." It is outfitted like the old-fashioned German bars where lunches were served, but nothing stronger than Ipfick can be obtained. There is a brass rail and high stools and, of course, plenty of mirrors into which the customers can cast admiring glances as they tinkle at various varieties of rouge. Beauty comes high these days. The most elaborate of the New York beauty specialist shops carry on a business that runs into the millions, with buyers in every tiny hamlet over the land. If you care to run across your "lady friends" from "home" in New York, there are worse ideas than haunting the beauty specialists. A 61 percentage of the daily turn-over comes from out-of-town visitors who carry home with them a year's supply of "beauty."

measure. One of its steps was to decide that New England was a natural transportation unit and it ordered the lines in that section to consolidate for purposes of operation. This step, ordered by the Government, was precisely what the Government had proposed Mr. Mellen for attempting.

Another interesting point is that the New Haven has come back to life again largely as the result of carrying out the original program. Public opinion having changed a good deal, it has gradually acquired the properties needed to strengthen it and under the leadership of E. J. Pearson, has gone back on a dividend paying basis.

the crash, no less than 10,474 were women and 2702 trusts and guardians. More than half of the stockholders actually were widows and orphans or institutions and trustees handing the affairs of widows and orphans. This took the whole story out of the ordinary category of railroad ups and downs and made it a vital human problem.

## REMARKABLE FACTS REVEALED

Twenty-one directors were criminally indicted under the Sherman anti-trust law. The Interstate Commerce Commission brought out a report in which the directors were unmercifully excoriated for spending money in the manner they did to bring about a monopoly of New England transportation.

The Commission's investigation revealed remarkable facts. It showed that New England newspapers had been subsidized (or were alleged to have been) to favor the New Haven expansion and that New England state officials were allowed to dip their hands into the New Haven's money bags as a consideration for keeping hands off the plan. One of the strangest and most picturesque revelations concerned the prayers from the hills. There were a series of pamphlets which were distributed through New England. They were "prayers" from communities in various sections of New England addressed to the New Haven Railroad and urging that company to either buy up existing branch lines or build new connections in order to serve them better. The investigation showed that they had been written at the instance of the road and that the road had paid for their printing and distribution.

Although admitting that some of the methods employed were perhaps somewhat forced, Mr. Mellen never would admit that the end did not justify the means and that it would be better for the people of New England on the one hand and the stockholders of the New Haven on the other to make New England a transportation unit under the control of the New York, New Haven, and Hartford Railroad. He stuck to his guns while many of his board of directors deserted.

A matter of quite vital moment is that some years later, after Mr. Mellen had been relieved as president of the road and an entire reorganization effected, the Governor took over all the railroads as a wartime

## SOCIAL AND CLUB ACTIVITIES

## MUSIC

Irish Music  
Will Feature  
Club Meeting

IRISH music will be the subject of a program to be given at 8 o'clock Monday afternoon at the meeting of the Music Department of the Appleton Women's club. The meeting is open to the public. Mrs. F. P. Doherty is chairman of the program and other members of the committee in charge are Mrs. E. W. Shannon, Miss Irene Albrecht, Mrs. A. Wickesberg and Mrs. Henry P. Madsen. A social hour will follow the program.

The program:  
Irish Love song... Margaret Ruthen  
Irish Lullaby... J. R. Shannon  
Mrs. W. H. Dean  
At the Donny Brook Fair...  
John Prindle Scott  
An Irish Love Song (without words)...  
Francisco E. DeLeon  
Mrs. William Wright  
Shoogy-Shoo... Mayhew  
Miss Carla Heller  
A Music Lesson (reading)...  
Alice Jane DeLong  
Shina Van... Mrs. H. Beach  
Spring is a Lovable Lady...  
Keith Elliott  
Mrs. William K. Kolb  
Dance-Dolores Tustison, Polly Smiley,  
Mary Jane Doherty  
Fair Killarney across the Sea...  
Walter Rolfe  
I Know a Lovely Island... Carrigan-Quinlan  
Danny Boy... Weatherly  
Mrs. Norbert Verbrick

EASTERN STAR  
MEMBERS WILL  
HOLD BANQUET

Preparations are being made for a dinner at 6:30 Wednesday evening to be given by the chapter, No. 94, Order of Eastern Star and for initiation of candidates to follow the dinner. Mrs. L. M. Schindler has been appointed to take charge of the dinner and she will be aided by Mrs. L. H. Everline, Mrs. Anna Scherke, Mrs. W. E. Smith, Mrs. Perry Brown, Mrs. George Dambach, Mrs. George Nixon, Mrs. E. M. Gorroo, Mrs. Arthur Viel, Mrs. R. Duffner and Mrs. F. P. Huekins.

The dining room committee is in charge of Mrs. R. W. Getschow. Other members of the committee are Mrs. Mable Shannon, Mrs. E. F. Goodrich, Miss Ida Benyas, Mrs. Fred Pope, Mrs. R. R. Rasechig, Mrs. Fred Heinemann and Mrs. Arthur Hoffman. Mrs. Erik L. Madison, worthy matron, will preside at the ceremonies.

## CLUB MEETINGS

A St. Patrick party was given by the Appleton Girls club Friday night at Appleton Women's club. At the business meeting which preceded the party a letter was read from Miss Mary Sand, who had posted the letter from the capital of Venezuela. Miss Sand, who left on the tour of British West Indies in December, is expected back in May. Miss Emma Barclay read two readings at the meeting. Hostesses were Miss Sadie Zahrt, Miss Marie Ziegenhagen and Miss Minnie Thiesenshusen. The next meeting will be on April 20 at the club house.

The Franklin Social club of the Franklin school met Friday night at the school. The evening was spent at cards. Those who won prizes at schafkopf were Louis Luedtke, Mrs. Alvin Stecker and Mrs. Herman Schultz.

Mrs. Homer Beaton read an article on the Story of the Evinrude at the meeting of the Over the Top club Friday afternoon at the home of Mrs. Frank Schneider, 738 E. Alton-st. Mrs. Frank Clippinger continued reading the Life of Abraham Lincoln by Carl Sandburg.

Kappa Alpha Theta alumnae association has postponed its meeting from Monday, March 12, to Monday, March 19. The meeting will take place at 6 o'clock at the home of Mrs. Roy Purdy, 115 N. Green Bay-st.

Miss Agnes Egan, entertained the D. S. Teachers club Friday night at her home in Kaukauna. Two tables of bridge were in play and prizes were won by Miss Florence Keating and Miss Genevieve Holman. A St. Patrick night will be given by Mrs. Florence Keating next Saturday night at her home at 1135 W. Lawrence-st., at which members of the club will be guests.

## ENGAGEMENTS

The engagement of Miss Dorothy von Berg, graduate of Lawrence college, and Harford Johnson, formerly of Lawrence college, has been announced. Miss von Berg is teaching at Waupaca. Mr. Johnson is continuing work at the University of Illinois.

## WEDDINGS

Abraham Kaminsky, 218 E. Commercial-st., and Miss Anna Rose, of Milwaukee, will be married Sunday at Milwaukee. The couple will live in Appleton.

## PARTIES

A group of Appleton high school students went to Kaukauna on a schafkopf party Friday evening. Those present were Charles Enrie, Carlton Roth, Robert Roemer, Carl Babcock, Roger Abraham, Tad Meyer, Earl Miller, Norman Zanzig, Janette Cameron, Jeanette Johnston, Ellen McClone, Betty Meyer, Ila Conkey, Avelia Krutich, Margaret Keller, and Nona Nemcheck. Chaperones were Miss Edith Meyer and Mr. Larson. They went to Muholland farm for refreshments.

## CHARGES STIR HOLLYWOOD

When Mrs. Corabel Bernstein (above) sued Mrs. Lillian Coogan, mother of Jackie Coogan, for \$750,000, charging alienation of affections, and named Mrs. Coogan co-respondent in a divorce suit against Arthur Bernstein, she sprang the most sensational legal action of Blase Hollywood in recent months. The documents charge a number of indiscretions on the part of Bernstein and Mrs. Coogan. Mrs. Bernstein's charges are denied by Mrs. Coogan. Bernstein is business manager of Jackie Coogan's film productions.

CHURCH CIRCLE  
HOLDS MEETING,  
HEARS PROGRAM

A measuring party was given Friday afternoon by Circle No. 12 of First Congregational church for all the circles of the church in the church parlors. Mrs. L. F. Bushey is captain of the group. About 50 members of the circle were present and joined in the opening number. The Measure of Thanksgiving, which was symbolized by singing the hymn, Count Your Many Blessings.

Joyce Fitz, the young member of group, sang a vocal solo—The Kitty Song. A group of women presented the measures of responsibility, of opportunity and of forgiveness in short talks. Mrs. A. A. Wettengel discussed the responsibility of the women in the work of the church and Miss Helen Schmidt told the members of the opportunities for women in church work while Miss Inez Gurnee talked on forgiveness as it is understood and practiced.

Mrs. Erik L. Madison presided at the meeting, and Mrs. C. C. Nelson and Mrs. Herman Schweger poured tea. Green and white were the colors used in the decorations. Members of the committee were Mrs. William Basing, Mrs. Zeh and Mrs. Fred Moyle.

## CHURCH SOCIETIES

There will be a meeting of the Ave Maria, Catholic Daughters of America, at 7:30 Monday night at Catholic home. Important business is scheduled.

Christian Mothers of St. Joseph church will meet at 2:30 Sunday afternoon at St. Joseph church. This is a regular meeting of the society.

## CARD PARTIES

Seventeen tables were in play at the benefit card party given by the Appleton encampment No. 16, Odd Fellows Friday night at Odd Fellows hall. Prizes at schafkopf were won by Paul Yahr and John McCarter and at bridge by E. Chady and Mrs. D. Bretschneider. Mrs. J. E. Fowler won the prize at dice.

GOVERNMENT MAN WILL  
HELP LAY OUT AIRPORT

John E. Sommers, of the Airways Extension division of the United States Department of Commerce, will be here on or about March 20 to assist in laying out the local airport, according to word received Friday by Kenneth Corbett, secretary of the chamber of commerce. Mr. Sommers will advise on the directions of the runways and where the hangar should be placed.

PLAYFUL DOG SCARES  
YOUTHFUL SHOPPER

Janet Playman, three-year-old daughter of Mr. and Mrs. H. L. Playman, 217 N. Union-st., was injured slightly when she was attacked by a dog as she was leaving the Fair store on E. College-ave. about 4 o'clock Friday afternoon. The girl was scratched about the nose. The dog, a brown spaniel, jumped at the little girl as she was leaving the store. It ran away as the girl screamed.

Committee Meets  
The county board printing committee will meet at the office of John E. Hantschel, county clerk, Tuesday afternoon to open bids for printing 250 copies of the annual report of A. G. Brusewitz, county highway commissioner. Other routine matters will be disposed of.

Endeavorers  
To Hear Talk  
On Missions

"INDIA the Beautiful" is the title of the missionary stereopticon lecture which will be sponsored by the Christian Endeavor of Emanuel Evangelical church at 7:30 Sunday evening. The slides, one hundred in number, will take the place of the regular meeting at 6:30. The Rev. J. F. Nienstedt will discuss the slides and Polzins Mandolin orchestra will play. There will be several vocal numbers also. The lecture is open to the public.

How Can I Help Others to Follow Jesus, will be considered at the meeting of the Christian Endeavor of First Reformed church. Miss Ruth Brandt will lead the discussion. Miss Charlotte DeVoe will speak on Modern Living at the meeting of the Christian Endeavor of First Congregational church. A supper and social hour at 6 o'clock will precede the meeting. What Do Missionaries Do will be answered by Miss Kathryn Arnold at the meeting of the Baptist Young People Union of First Baptist church Sunday evening.

A speaker from the deputation team of the Y. M. C. A. of Lawrence college will speak at the meeting of the Christian Endeavor society of Memorial Presbyterian church at 6:30 Sunday evening.

Y. M. C. A. HIKERS  
ELECT OFFICERS

Officers of the Y. M. C. A. Century club, composed of boys interested in hiking, were elected at a meeting of club members Friday evening at the association building. Herbert Perrine was elected president, Warner Nelson, vice president, Wilbur Nelson, secretary, John Krueger, treasurer, and Lyle Wehrman door keeper.

Members of the contact committee which calls members of the club whenever a hike is scheduled are Wilbur Nelson, chairman, and Harvey Kahler, Robert Fumal, Clarence Ehke and Dennison Wehrman.

The champion hiker of the club to date is Herbert Perrine who has hiked 37 miles. John Krueger and Wilbur Nelson are his nearest competitors. Lester Schmidt is third with 33 miles to his credit. The aim of club members is to hike 100 miles for which they will be awarded a medal. Applicants for membership first must hike one mile after which they are awarded the secret pin of the club. Irving Buck, part time boys' work secretary has charge of the organization.

BEES NEES TEAM  
WINS ANOTHER SERIES

The Bees Nees volleyball team of the Y. M. C. A. captured by Dr. R. V. Landis, won a three game series Friday evening from the Bees Zee, captained by Adem Kemley, 15-9, 15-10 and 15-13. The Bees Nees team captained by Alfred Bradford broke into the victory column by defeating the Bees Knees in a three game series 15-5, 15-5 and 15-6.

The standings now are:  
W. L. Pct.  
Bees Nees ..... 6 0 1.000  
Bees Knees ..... 3 3 .500  
Bees So ..... 3 3 .500  
Bees Zee ..... 0 6 .000

**WISCONSIN WEATHER**  
Mostly cloudy tonight and Sunday; snow tonight, except snow or rain in south portion; slightly warmer to night in southeast portion; somewhat colder Sunday.

**GENERAL WEATHER**  
High pressure overlies the eastern portion of the country this morning, with temperatures mostly near the seasonal normal and with considerable cloudiness. A low pressure area is advancing eastward along the Canadian border, being centered this morning over the Dakotas and Manitoba. This is attended by mild temperatures and cloudy skies, with some snow, and promises some snow in this section this afternoon and tonight as it advances, with moderate temperatures. High pressure, overlies the Rocky Mountain section again, which may spread its influence to this section by Sunday afternoon and night, with slowly clearing skies and with moderate drop in temperature.

**BOYS MEETING**  
The Sunday afternoon program younger boys of the Y. M. C. A. will be held at 3:30 in the association assembly room. Sam Ornstein and Irving Gahner have arranged the program for the afternoon's entertainment.

Herman Kronschnabl, publisher of the Forest County Republican, Cranston, was bound over for trial on a charge of criminal libel following a hearing Friday before Justice George Hurska, Argonne. The editor is to be tried in circuit court on charges preferred by Harold W. Krueger, district attorney, on complaint of Mayor C. O. Decker and two other residents whom the editor is alleged to have called "professional tax dodgers."

A criminal charge against Kronschnabl was dismissed by Judge Edgar V. Werner in circuit court here recently.

Contrary to the belief of many, there are no extra charges for use of our Funeral Home and other exclusive features. All these are for the free use of our patrons, should they be desired in place of a home funeral.

## JUNGLE HONEYMOON

George M. Dyott, explorer, and his bride of a day, the former Persia Wright, as they sailed from New York for South America. Their honeymoon is to be spent searching for Col. F. H. Fawcett, lost scientist, who has been reported alive somewhere in the Amazonian jungles.

Vaccination Cuts Down  
Small Pox Fatalities

Madison — Insistence upon vaccination for small pox in Wisconsin has nearly exterminated the disease in cities where vaccination is used. During the past year there were 350 cases reported, with only one death. Five years previous there were 5,216 cases with seventeen deaths. Since the outbreak of 1921 the number of cases have gradually diminished in the state because of the campaign for vaccination among school children and adults, according to a bulletin by the health committee of the State Medical society.

"Experience has shown that a single vaccination will undoubtedly protect practically every one so vaccinated against smallpox for a period of at least five years and sometimes for a much longer time," declares the Medical Society's bulletin. "Two successful vaccinations or a vaccination and a true immunity reaction will undoubtedly insure throughout life against death from smallpox. While a person so vaccinated may have the disease at some later time in a mild form, even this slight hazard can be removed by revaccination when smallpox is present."

"Vaccination, when properly performed with good vaccine, is followed by the appearance of what is known as a 'take' at the site of the inoculation. When no 'take' occurs, it is due to faulty technique or poor vaccine; it never means that the person is immune. The nature of the 'take' varies with the amount of protection which the person vaccinated had before his vaccination. If a small raised red spot appears one to three days after vaccination and soon disappears, we have what is known as 'immunity reaction' which is the best sort of 'take' provided good fresh vaccine was used. Such a 'take' not only shows that the person was well protected but probably increases and prolongs that protection. If the person vaccinated possessed no protection whatever, the 'take' would begin to appear about the third day, and by the tenth day it would show as a somewhat raised red patch on the arm, with a white vesicle in the center. The patch rapidly fades and the blister dries up to a scab, which drops off in two weeks or so. With a person who is partially protected by an old vaccination, so that he would probably not catch smallpox during the mild epidemic but would if exposed to a severe case, the 'take' would be somewhere between

the immunity reaction and the regular 'take' in time and in intensity. The scar left by the 'take' need not be unsightly if modern methods of vaccination are employed.  
"The ideal time for vaccination is in infancy because protection begins at once and the course of the vaccination 'take' may be undisturbed by external causes. Vaccination should then again be performed at school age when the 'take' will very likely be a mild one on account of the protection given by the previous vaccination.  
"In the millions of vaccinations performed among military and naval forces and the additional millions among the civil population we have conclusive evidence of the practical safety of this method of protection against a dangerous disease."  
Roy Paulsen, 892 U. Oneida-st., submitted to an operation Saturday at St. Elizabeth hospital.

## Women Must Learn Much In Business

BY OLIVE ROBERTS BARTON

A CERTAIN woman has been refused a seat in the Chicago Stock Exchange. She has made an issue of it and sued for her rights. Which brings up again that interesting question of woman's status at the present time in the business world.

It seems to be the consensus of opinion, that, although women are mentally capable of holding any job that a man does, temperamentally they are not quite so fit.

The criticism of women in politics is that they cannot leave out personalities. The same criticism seems to hold good in business. Mrs. Bronley, that keen observer of her sisters in different phases of life, writes an article that clicks. She says it is silly for women to jump to the conclusion that men as a sex have banded together and resolved to monopolize all the good jobs.

"Business men," she says, "are primarily interested in securing individuals of big caliber for big positions; if a woman proves her worth they are not going to cut off their noses to spite their faces."

Women are more particular about working conditions than men. They are more sensitive to surroundings. Then, too, they are more likely to be jealous of others of their sex who have been more successful.

Nothing so incapacitates a human being, man or woman, as jealousy. Also if women wish to succeed in business, it will be necessary for them to grow thicker skins than they possess at present. They are too sensitive.

There is another thing. A woman seldom idealizes a business as a man does. She will work at a business, or a profession as long as it suits her, usually and no longer.

Women are new in business and they are doing wonderfully well, but there is still a lot that they have to learn before many of the big jobs can be theirs.

## ETIQUETTE HINTS

1. What is a service plate?
2. What is its function?
3. What is it usually like?

## THE ANSWERS

1. It is the plate that is placed at each cover in advance of service, upon which other plates are set until the first course.

2. It is purely decorative.

3. It should be lovely as possible, does not need to match the dinner service and is usually one or two inches larger in diameter than dinner plates.

## HOW ABOUT GARLIC?

Constitution—If you lived in this city, had a spacious office in the heart of town and your stenographer came late to work, it wouldn't take much reasoning to know that she ate onions for breakfast. For the street car conductors have been ordered by the Belgian Trolley Co. to bar people who have been eating onions.

## THE TINYMITES

By Hal Cochran

READ THE STORY, THEN COLOR THE PICTURE

WE CLOWNY almost danced a jig. "I never saw a cake so big," he said. "and I am thrilled to think where it will lead us to. Come on, let's walk right through that door, 'cause that is what a door is for." The baker man then added, "That's the proper thing to do."

So through the door the whole bunch passed. Ah, here was Baker Land, at last! It was about the finest place that they had ever been. Said Scouty, "Is it sure all right for us to gaze on such a sight?" "Why, sure," replied the baker, "Everybody walks right in."

"Now kindly make yourselves at home, 'cause you are free to gaily roam around this funny little town till darkness brings the night. At bedtime come right back to me and I will gladly see if I can find a cozy place where you can all sleep tight."

So off the little Tinies went. A very happy hour was spent in walking

## TWEED POPULAR SPRING FABRIC FOR NEW COATS

BY HAZEL REAVIS

Paris —(P)—Tweed is a fabric to be reckoned with in spring fashions. Nearly every important dressmaker shows tweed coats, capes and suits in the collection for spring and summer. Beige, gray, blue and multicolored mixtures are the favorite shades, with beige a long way in the lead.

Coats and capes are usually full length, though there are various models of three-quarter and half length in the suit-type of costume. Wraps are unlined as a rule, but the rule has its exceptions particularly when the fabrics are of summer weight.

The most frequently seen version of the spring tweed costume is the flat pleated, or circular skirt sewed at the hip-line to a lighter top of plain material. Sometimes there is a belt to cover the joining of the skirt and top. Occasionally rows of embroidery take the place of belt.

Another method of joining skirt and blouse is a small upstanding band of the skirt material which gives the impression of a tucked-in blouse. Paris calls this a trouserette skirt. Nearly all capes of tweed are cut full enough to be easily wrapped around the figure. They are carefully moulded around the shoulders so that they do not slip easily. Some tie at the throat with scarf collars. A few have military collars and others are collarless, meant to be worn with detachable fur neckpieces.

Several designers show tweed scarfs sufficiently wide to be worn as short capes, with tweed dresses.

## SISTER MARY'S KITCHEN

BY SISTER MARY

**BREAKFAST**—Halves of grape fruit, cereal, ham, omelet, crisp toast, milk, coffee.

**LUNCHEON**—Creamed oysters on toast, jellied fruit, salad, brown bread, jelly cake, milk, tea.

**DINNER**—Stewed chicken, dumplings, creamed cauliflower, crisp orange salad, maple mousse, crisp cookies, milk, coffee.

Tiny cookies about an inch and one-half in diameter are attractive to serve with a frozen dessert for dinner or luncheon.

## JELLY CAKE

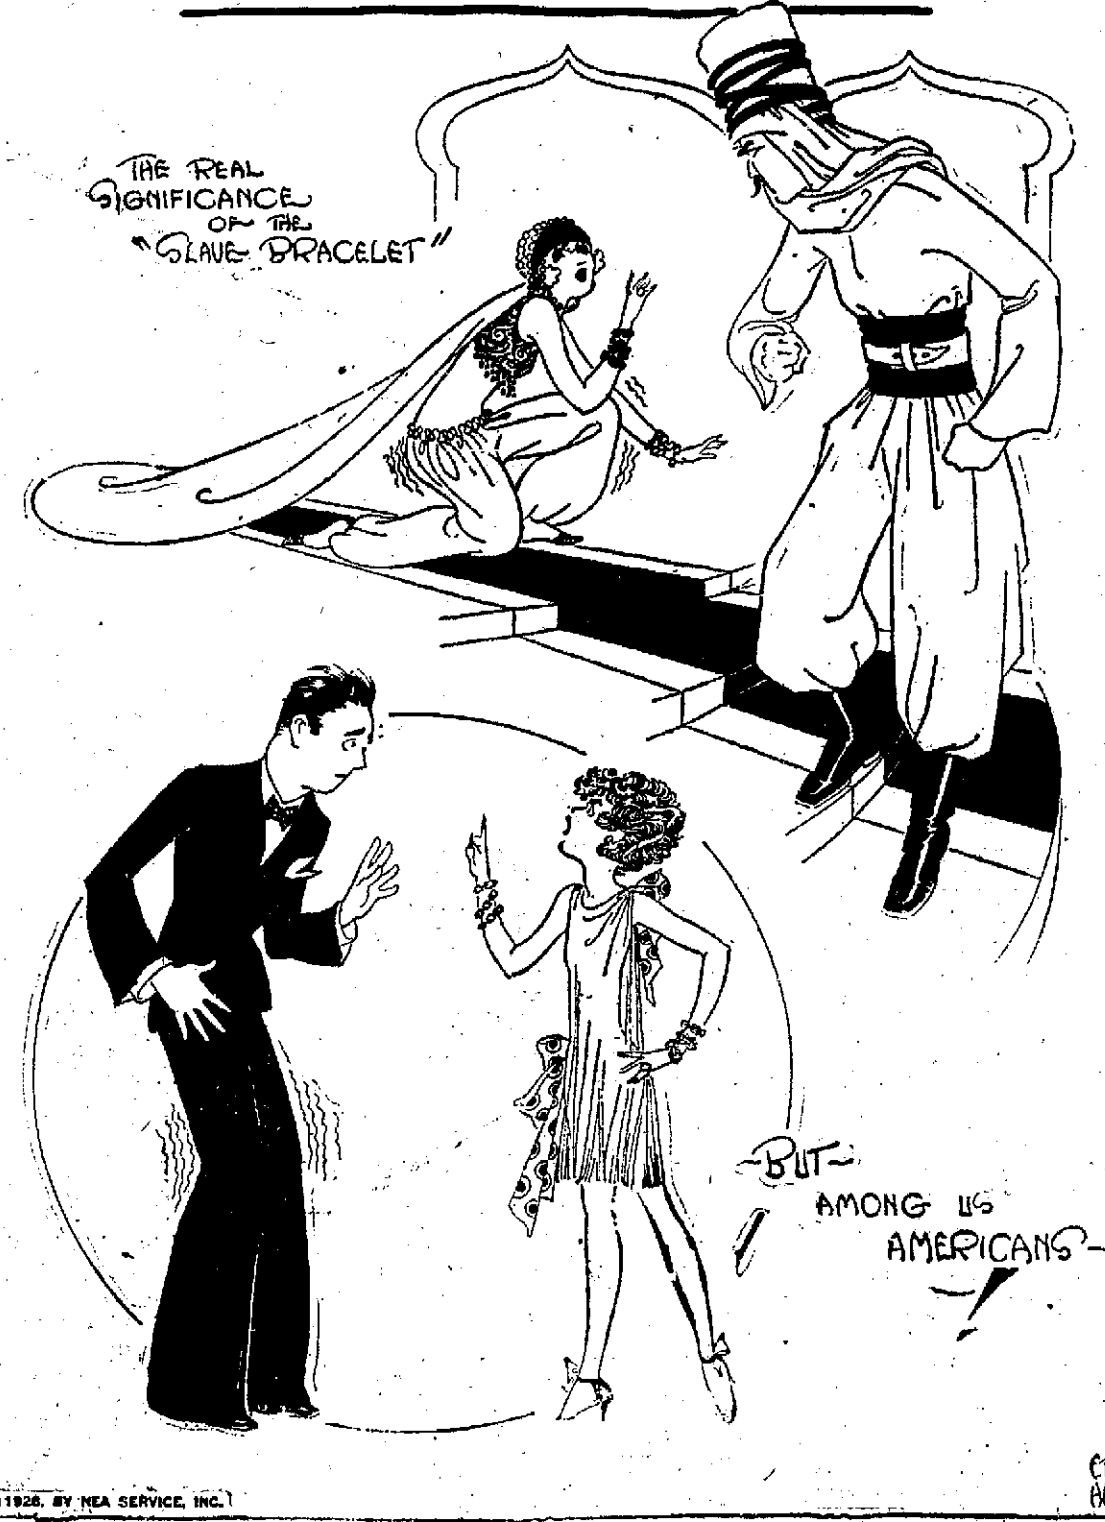

One cup sugar, 1/2 cup butter, 1/2 cup sour milk, 4 eggs, 1 teaspoon soda, 1 1/2 cups flour, few grains salt.

Cream butter and gradually beat in sugar. Add jelly and sift in a few tablespoons flour. Save white of one egg for icing and beat remaining eggs until light. Add to first mixture. Beat well and add about half of the flour.

Mix thoroughly and add milk with soda dissolved in it. Beat hard and add remaining flour and salt. Pour into an oiled and floured square pan and bake thirty minutes in a moderate oven. Cover with icing made with white of egg and one cup granulated sugar and one-half cup water cooked over hot water for seven minutes, beating constantly. Flavor lightly with vanilla. Copyright, 1928, NEA Service, Inc.)

## LAYING DOWN THE LAW

## IS THE BRACELET A BAND OF BONDAGE?

## BLESS STRAIGHT LINE DRESS TODAY

Speaking of proportions, have you ever thought how much we owe to Dame Fashion for presenting us with the all-concealing and—when we wish it to be so—the all-revealing straight-line frock?

Hanging from the shoulders with no belt to mark the natural waistline, the too short or the too long waist have been most effectually concealed. Think of the predicament of the poorly proportioned who were compelled to attire themselves in the tight blouse and long skirt of an earlier fashion period. Every defective proportion was glaringly revealed to a coldly unsympathetic world.

The correctly proportioned torso should bear a certain established line relation to the arms and legs and the head and neck. It should not be too long, or too short. But in either case, the modern style of dress is such that by simply lengthening or shortening the skirt and adjusting the belt line to correspond, an effect of perfect beauty of line may be simulated—provided, of course, that the garment be loose enough to escape clinging to the body.

Study yourself in a long mirror and think of these hints on proportion. Then you will not make the mistake of wearing too short a dress if your body should happen to be out of proportion to the length of your legs. It is in such cases that too short dresses look queer—it is our sense of proportion that is offended and not our modesty, as you may have supposed. (Copyright, 1928, NEA Service, Inc.)

## FASHION HINTS

## CRISP MOIRE

Spring personality is a pale green moire evening gown with a draped skirt that makes an enormous pout on one hip.

## Fashion Plaques

## SPORTS CULOTTE

A new French combination, especially designed for sports, has a bloomer section buttoning in the front to give freedom of movement.

## MARYE and MOM Their Letters

BY RUTH DEWEY GROVES

Darling Mother: I could ask you why so many men had indigestion in your day but I won't, because you would write back and declare that they still have it.

Then I'd have to tell you that it's not the food they eat, but the pace they keep. I can't deny that we live fast but I don't know anyone who wants to slow up just to cure indigestion. I think one reason why people used to be slow is that they were always too stuffed with home cooking to get up any pep. Imagine doing the Charleston after eating three pieces of lemon meringue pie!

But I don't see why you object so much to our way of living. You didn't live as your mother or grandmother did. And all we moderns have the same values so no one is hurt. No doubt the Driscolls knew perfectly well why we were entertaining them but what did that matter? It's a compliment when people spend money on you these days and no one expects a hostess to make a servant of herself.

Only I wish I'd brought them home and served ham sandwiches instead, because Mr. Driscoll threw Alan down. It was that ridiculous wife of his, I'm sure.

I was going to send Betty a lunch-set but now I've got to buy a new pair of slippers with the money. Anyway, I think Alan sends her money on the sly. Naturally I don't expect him to tell me what he does with his money but I do think that a man's family should realize that it does make a difference when he marries.

Alan sent both his sisters through business college, you know, and now that Betty is married to a man who's always out of a job she still seems to think that Alan ought to send them money. I'd never think of asking Frank for help. I do wish you'd go over to Betty's and have a talk with her and find out what's the trouble with Clyde. Of course I don't want her to suffer, but Clyde's misfortune, not mine, and Alan kicked the other day because I bought an import. It's a knockout, too, what there is of it, but I guess you wouldn't call it a dress at all. Do go over to Betty's.

With all my love, MARYE.

NEXT: "Mom" is troubled.

(Copyright, 1928, NEA Service, Inc.)

## SIDESTEPPING TROUBLE

Binghamton, N. Y.—Although he had consumed considerable liquor, Charles Kedinas was still able to realize that a real fight might come as a result of his alcoholic sparring bout. Acting on this conviction, he stamped into police headquarters where he was accommodated with a private cell. The next morning Judge Hackett complimented his foresight and suspended sentence.

## BELTS AND MORE OF THEM ARE IN FASHION VOGUE

Paris —(P)—Belts are still an important part of fashion, but they are not the same. Many novelties have been accepted by the designers.

Crocheted belts are among the newest and most popular in the spring showings. They may be of white or the color of the dress. Belts of especially knitted jersey are also featured, particularly in metal weaves, although frequently they are in plain colors of the sports costume they are worn with.

Beaded belts, worked on the dress, are they accepted evening fashion, and one dressmaker embroiders belts on sports costumes with light tops and dark skirts.

## Household Hints

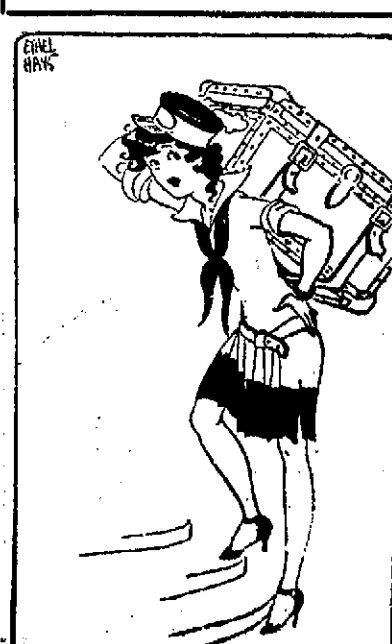

**PARSLEY GARNISH**  
Fried parsley makes a good garnish for fish and croquettes. Never fry it hot enough to turn it brown.

**MENDING GLOVES**  
Before sewing up rips in gloves buttonhole both edges with fine thread. Then catch these threads together in a buttonhole stitch.

**APRICOT ROLLS**  
When baking bread next time, sweeten some dough, shape into small rolls and top each with apricots. They make a modern form of old-fashioned apple Kuchen.

**REMOVING SPOTS**  
Hair tonic and other spots can often be removed by spoiling with cold water before they dry. But a bath towel underneath and let dry before pressing.

## FLAPPER FANNY SAYS--

Modern styles certainly have taken a big load off the baggage smashers.

## CORSAGES ARE OUT HERE SAYS FLOWER SHOP

This article should be headed "for young men only" but because it is of interest to women it will be assumed that they will convey the message to the sterner sex. Janet Brown, in her rambles recently, dropped into a flower shop and asked the keeper of the flowers if girls were still wearing corsages to dances and parties, if so, where and if not, why not?

To all and sundry of these questions the lady who guards the pansies in their yellow boxes and the gay red tulips made answer. She told Janet Brown that very few corsages are sold to the flappers in high school or to the would-be sophisticated college girl and of those few sold practically all are wrist corsages or shoulder corsages.

The day is past when the girl ready for the party needs to have mother pin on the big corsage to the "waist" for first of all where is the waist of the girl of today and secondly what is there to pin it on? Styles in dresses have made the absence of flowers necessary, for to pin a bouquet to a dress of sheer chiffon, georgette or tulle would be ruinous to the frock and then too the vogue for flowers of ribbon, of silk and metal and of feathers has made the use of flowers unnecessary.

"Corsages are still used by college sororities to be presented to the initiates," said the lady who with deft fingers was putting a pot of white hyacinths in a jacket of green crepe paper, "and we sell more flowers for label decorations and house decorations than ever before."

## STREET DRESS

## SLENDER DAYTIME MODEL

A printed silk crepe frock in small indistinct pattern in combination with harmonizing plain georgette crepe that is incomparable for street and general wear. Style No. 3341 is cleverly designed to suit the needs of the larger woman. The swathed giraffe gives snug hipline with slight blousing to bodice. The box-plaits across front of skirt are chic. Two surfaces of crepe satin, plain and printed sheer crepe, two tones of silk crepe and lightweight woolen in combination with silk crepe are smart suggestions. Pattern in sizes 36, 38, 40, 42, 44 and 46 inches bust. Price 15 cents in stamps or coin (coin preferred). None better made at any price. Our patterns are made by the leading Fashion Designers of New York City and are guaranteed to fit perfectly. In ordering this pattern, we suggest that you enclose 10 cents extra for a copy of our Spring Fashion Magazine containing photos of Norma Talmadge, Constance Talmadge, Renee Alore, etc., Style of Colleen Moore, Clara Bow, Dorothy Mackall, Billie Dove, Mary Astor, etc., and 100 other styles. ## After Colds or Grip One's Kidneys Must Function Properly to Eliminate the Waste Impurities.

DOES winter find you lame and aching—worried with backache, headache and dizzy spells? Are the kidney secretions too frequent, scanty or burning in passage?

These are often signs of improper kidney action, and sluggish kidneys permit waste poisons to upset the system.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and aid in the elimination of waste impurities. Are endorsed by users everywhere.

Ask your neighbor!

## KAUKAUNA-LITTLE CHUTE-KIMBERLY

NEARBY  
TOWNSCANDIDATES FILE  
FOR CITY OFFICES

## Sullivan Still Withholds Announcement of His Candidacy for Mayor

Kaukauna—L. C. Wolf, who seeks reelection as city clerk at the spring election, has served as clerk for thirty years. The present clerk succeeded C. H. L. Hammer.

Mr. Wolf has no opposition for the office this far.

Friday was a busy day at the city hall with many candidates taking out nomination papers. Mayor W. C. Sullivan has not announced whether he will be a candidate for reelection. Rumors that R. M. Radsch had withdrawn from the race were denied by him at his home Friday evening, but he had not taken out his nomination papers. A new candidate in the race for mayor is Lester J. Brenzel, of the Farm implement Co. of this city.

Candidates for city assessor are William Gillen, Ben Bell and Peter G. Ham. Present assessor, Joseph Dietzler, has announced his intention of running for city treasurer while George Egan had not taken out papers until Friday afternoon.

Candidates for aldermen are the various wards are: Fifth ward, Edward Bay, Second ward, Otto M. Ludtke; Third ward, William Bay and William Carnot; Fourth ward, W. H. Copp and Fifth ward, Bert Roberts, Fred Ketchel Jr., and George Phillips.

KAUKAUNA

Bible school at 9:30 with Superintendent W. P. Hagman in charge. Classes for children of all ages. Mixed adult Bible class at same hour.  
Morning worship at 10:30. Special sermon by Dr. Richard Evans of Appleton. Organ music by Mrs. May Parks Johnson, church organist, including prelude, "Adagio" (Beethoven); offertory, "Intermezzo" (Mascagni) and postlude, "With Grateful Hearts" (Ashford). The choir will sing several anthems.

Evening service at 7 o'clock. The following program will be adhered to: organ prelude, "Prelude" (Guilmant); Mrs. May Parks Johnson; song, "My Faith Looks Up to Thee," congregation; Lord's Prayer; motion film, "Over the Hill" song, "Take the Name of Jesus With You," congregation; Benediction; postlude, "Postlude" (Battman); Mrs. May Parks Johnson.

TWENTY-FIVE BASKETEERS  
KNOCKED OUT OF TOURNAMENT

Kaukauna—The Kaukauna Twenty-five club was eliminated Friday night from the Y. M. C. A. district basketball tournament at Green Bay when it lost to the Green Bay Community club 21 to 3. The score at half was 7 to 3. The game was played in the Community Club building. The Kaukauna lineup consisted of: Kilgas, Macrorie, Engerson, Frank, Schommer.

The Post-Crescent's representative at Kaukauna is Gordon Patton. His telephone numbers are 298 J and 10. Business with The Post-Crescent may be transacted through Mr. Patton.

HIGH SCHOOLERS  
WIN FIRST LEAGUE  
BASKETBALL GAME

Kaukauna—The Kaukauna high school basketball team won its first Northeastern Wisconsin conference victory Friday night when it defeated Clintonville high school 19 to 14 at Clintonville. The score at half was 8 to 7 in favor of Clintonville, but Kaukauna rallied during the last half.

BANKERS TAKE FIRST  
PLACE IN PIN LEAGUE

Kaukauna—The Bankers passed Kalupa's Bakers and went into first place in the Kaukauna Business Men's league Friday evening by winning a 3 to 0 decision from the lowly Lumber Co. while the former leaders were dropping a 2 to 1 match to Van's Darry. Andrew's Oils took three straight from the Electricians while Moloch tied for seventh place with the Lumber Co. by winning 2 to 1 from the American Legion.

C. Hiltgenberg rolled high single game when he counted 236 in his first game. Earl Evans was second with 223 and A. Graef next with 216. For high series Evans took all the glory with a total of 629 while Hiltgenberg finished with 593 and Graef got 573. The scores:

## Social Items

Kaukauna—The Ladies Aid society of First Congregational church will meet at the home of Mrs. Steve Canham on Wednesday afternoon. Mrs. N. Licht is hostess.

All officers of the Kaukauna lodge of Elks were re-elected at a regular meeting of the organization held Thursday evening in the Elks club. Officers are: Exalted ruler, R. H. McCarty; esteemed leading knight, John Scher; esteemed loyal knight, J. B. Higgins; secretary, N. M. Haupt; esteemed lecturing knight, Arthur Schmalz; treasurer, E. J. Balzac; chaplain, M. A. Raught; singing, William Johnson; trustees, A. P. Anderson, C. E. Raught and Ben Bell; inner guard, J. Kronforst.

WILLIAM MILLER DEAD  
AFTER LONG ILLNESS

Kaukauna—William Miller, 51, 821 Spring st., died Saturday morning at his home after an illness of nine months. He is survived by his widow, four sons, Edwin, Elmer, Lester, Oliver, and Arthur at home. Mr. Miller was born in the town of Harrison and had lived in Kaukauna for 27 years. He married Miss Anna Paschen in 1900.

## KAUKAUNA PERSONALS

Kaukauna—Mr. and Mrs. Charles Droeger motored to Milton Junction Friday to attend the funeral of Mr. Droeger's aunt, Mrs. Mary Jane Dickhoff.

Mr. and Mrs. Harold Marston left Saturday for Milwaukee where they will spend a few days with relatives.

## LITTLE CHUTE WINS

Kaukauna—Little Chute defeated Kaukauna in a volleyball match at the local normal school gym Friday evening. The Chuteers won 4 to 6 games. Those who represented Kau-

LIBRARY OFFERS NEW  
SERVICE TO READERS

## Purchase Books to Give Busy People Quick Knowledge of Interesting Subjects

Kaukauna—A new service for busy people who desire knowledge on subjects of present day interest but who have little time to devote to study is being offered by the Kaukauna Free Public Library with the placing of a number of "Reading with a Purpose" courses on the library shelves. These courses, worked out by specialists in different fields of endeavor, have helped people in many cities and towns to find just what they wanted from books with but little time or effort on their part. A small booklet on the subject desired outlines in a brief and interesting way the ground to be covered and recommends the best books for further reading.

Some of the more popular courses for which the library has all or most of the books recommended are: "Our Children" by M. V. O'Shea, a well rounded course in child training; "The Westward March of American Settlement" by H. Garland, Wisconsin writer; "The United States in Recent Times" by Frederick L. Paxson, professor of American History at the University of Wisconsin; "Some Great American Books" by Dallas Love Sharp; "The Physical Sciences" by Edwin E. Slosson; "Ears to Hear" by Daniel G. Mason, a guide for music lovers; "English Literature" by W. N. C. Carlton; "Twentieth Century Novels" by William Lyon Phelps and "Americans from Abroad," biographies of some of the great Americans who have come from abroad.

Other books and courses, for which there is sufficient demand, will be purchased by Miss Kathryn Hornbrook, city librarian, for those desiring them.

STOCKBRIDGE MAN IS  
HONORED ON BIRTHDAY

Special to Post-Crescent

Stockbridge—Louis Larson celebrated his seventy-third birthday anniversary with a family supper Sunday evening at the home of his daughter, Mrs. Peter Wittenmann of this village. Those present were Mr. and Mrs. Will Larson and son, Richard, Mr. and Mrs. Walter Larson and family of Waukegan, Ill., Mr. and Mrs. E. J. Bolton of Appleton, Mr. and Mrs. Louis Larson of Neenah, Mr. and Mrs. Perry Larson and Mr. and Mrs. Fred Larson and family of Chilton, Miss Dorothy Larson of Neenah and Mr. and Mrs. Dale Denny of Stockbridge. Cards were played during the evening.

A car driven by Lucy Schneider skidded on the slippery road and turned over Monday morning. Miss Schneider and her two brothers, Walter and Claude, the other two occupants of the car, were uninjured and when help arrived and tipped the car back into the road and were able to continue on their way to school.

James Murphy, who has been operating the Peter Thill farm for the past year moved his family back to Milwaukee Wednesday. Eugene Thill will operate the farm.

Mr. and Mrs. Dale Denny and Mrs. Perry Larson were Fond du Lac callers Wednesday.

Jack Becker took a load of calves to Chilton Wednesday.

Perry Welch and Kenneth Welch were Chilton callers Wednesday.

Kaukauna were N. Gerhartz, Homer White, Joseph Krahn, Salski, Koch and Percy Chamberlain.

## TRUSTEE'S SALE

## PLATTEN PRODUCE COMPANY, BANKRUPT

All of the assets of the Platten Produce Company, Bankrupt, will be offered for sale at the following times and places:

**PORTERFIELD, MARINETTE COUNTY, WISCONSIN:**

Further information with reference to the sale may be had upon application to John McFale, Trustee, 130 Bellin Building, Green Bay, Wisconsin.

LITTLE CHUTE GIRLS  
VOLLEYBALL TEAM IS  
BEATEN BY APPLETON

## St. Joseph Team Wins Two Games from St. Agnes Sodality

Special to Post-Crescent

Little Chute—The St. Joseph high school girls volleyball team of Appleton, won two out of three games from the St. Agnes sodality team of this village at Legion hall Friday afternoon. The local team excelled in points. Little Chute scores were 21-20-19 and the scores for the visiting team were 16-21-21. Local lineup included: Misses Rosella Bongers, Joanna Cloutemans, Della Van Handle, Cell Peeters, Mayme Wynbroun, Eva Williamsen, Loretta De Bruin, Adriana Jansen, Ina Bongers, Angela Joosten, Marie Driessen. St. Joseph lineup: Misses Theresa Haag, Lucreia Prunty, Ina Steffen, Mildred Schreiter, Helen Rechner; Maryann Mears, Althea Dohr, Theresa Verkuilen and Catherine Wildenberg.

Members of the St. Agnes sodality of St. John church held their regular monthly meeting Thursday afternoon.

After the business meeting a program was presented. Arrangements were made to give a play in April. Those who will take part are: Rosella Bongers, Eva Van Susteren, Helen Derks, Loretta Williamsen, Ina Bongers, Angela Joosten, Marie Driessen. St. Joseph lineup: Misses Theresa Haag, Lucreia Prunty, Ina Steffen, Mildred Schreiter, Helen Rechner; Maryann Mears, Althea Dohr, Theresa Verkuilen and Catherine Wildenberg.

Members of the Young Ladies Sodality of St. John church held their regular monthly meeting Thursday evening. After the business meeting a short talk was given by the Rev. Conrad Tipp of Kaukauna. It was decided to hold election of officers at the next meeting, and arrangements are being made to present a program.

Eye strain may cause loss of hair by affecting the blood and nerve supply.

## Good for Young or Old

La Crosse, Wis.—"I am now eighty years of age and am glad to speak a good word for Dr. Pierce's Golden Medical Discovery whenever I have an opportunity. It is a long time since I first took this medicine but it never did fail to do me a great deal of good. I took it as a blood enricher and alternative, off and on, whenever I felt run-down. The 'Golden Medical Discovery' is a fine thing for anybody and Dr. Pierce did well to produce such a medicine."—Reuben Brunley, 402 N. 4th St.

# STORK HOLDS LEAD OVER GRIM REAPER

## Thirty Births and Twenty Six Deaths Here in February, Dohearty Reports

The stork was only a half jump ahead of the grim reaper in Appleton in February, according to the vital statistics report of Dr. F. P. Dohearty, city physician. There were 30 births in the city and 26 deaths. Nineteen couples were married and 40 burial permits were issued.

That there is very little contagion in the city proved by the report which enumerates one diphtheria case during the month, two scarlet fever, one measles, two chicken pox, and one cerebro spinal meningitis.

The city physician made 23 calls to homes of city poor cases, took care of 19 poor patients who visited his office, made seven calls at St. Elizabeth hospital to care for poor patients, investigated three contagious disease reports and took care of two street department employees who were injured.

# FORESTRY WORK APPROVED BY UNIVERSITY REGENTS

Madison—(AP)—A plan by which the state college of agriculture may start research work in important forestry projects, in cooperation with the United States Forest Service and the state conservation commission, has been approved by the University board of regents.

Dr. Raphael Zon, director of the Lake States Forest Station, St. Paul, is to be placed in general charge of the research projects, and will be given the title of non-resident professor of forestry.

Formal approval was also given by the regents to the effect of the Brook Hill farms, Genesee Depot, making possible pasture improvement experiments on this Waukesha county farm. A fellowship carrying \$600 and the use of land is included in the offer.

# STAGE And SCREEN

"THE STUDENT PRINCE"  
An event that has perhaps done more than any other to bind together the destinies of the screen and the stage was the filming of "The Student Prince," one of the stage's most famous romances, and pathway to fame for Richard Mansfield, Dion Boucicault, and other celebrated footlight stars. The famous drama, one of the most widely-read and widely-seen stories of the world, was given a production that made new screen history at the Metro-Goldwyn-Mayer studios, and will be seen at the Elite Theatre for 5 days starting Monday.

Ramon Novarro, hero of "Ben-Hur," plays the role of Karl Heinrich, the unhappy prince, Mansfield's role on the stage, and Norma Shearer his pathetic sweetheart Kathie. One of the biggest casts ever assembled support them, with thousands of people in the crowd scenes, court ceremonies and other spectacular details. Entire towns were built, as well as reproductions of huge German castles in the massive filmization.

"The Student Prince" first saw the light as a novel by Meyer Forster, a noted German author of three decades ago. When Richard Mansfield was looking for a new vehicle it was placed before him, and its dramatized version took the world by storm. It has been played in every country in the world, almost every famous actor has played in it at some time or other in his career.

Recently it saw a revival in musical form as "The Student Prince" when the play was adapted to comic opera form.

The screen play was dramatized by Hans Kraly from the original novel and directed by Ernest Lubitsch, famous director of "Passion," "Deception" and other European sensations. The cast includes such celebrities as Jean Hersholt, Edward Connelly, George E. Arthur, Gustav Von Seyffertitz, Edgar Norton, the famous Chaplin, Philippe De Lac, Lionel Belmore, Otis Harlan and many others of note.

Laid amid vivid reproductions of the actual scenes of the story, with picturesque characters and costumes, music, and the famous Heidelberg University of Heidelberg recreated on a huge scale, the new production is one of the biggest in history.

"THE LOVELORN"  
Thrills and romance vie with each other in "The Lovelorn," the Cosmo-politan production featuring Sally O'Neil, which is showing at Fischer's Appleton theatre today and Sunday. "The Lovelorn" brings to life on the screen one of the most famous bits of newspaper columnizing in the world, the story of a love, concocted by Beatrice Fairfax, that appears in prominent news dailies throughout the world.

Sparkling with the modernism of the younger generation and tugging at the heartstrings with its tragedies of youth, it tells the story of two sisters, one an especially frivolous girl who scorns her flashy suitors, and the other a more demure character, who has long loved the boy in secret. He turns to the quiet one for consolation, as their wedding approaches, the bride-to-be, believing that he still loves her sister, brings about an exciting and surprising climax that shows the young man up for what he really is and solves the love problems of both herself and her sister.

"THE BIG CITY"  
Lon Chaney, "Man of a Thousand Faces" had also to become man of a thousand strange new roles when he mastered one of the oddest languages in existence—the argot of the New York underworld. In "The Big City," in which he plays a New York gangster leader, he delved deeply into the lore of the underworld, learning the language of crooks and thieves.

The new picture, which comes to Fischer's Appleton theatre Monday and Tuesday, is a vivid mystery tale of New York's night life, with Marjorie Day, James Murray, Betty Campbell, and others of note, directed by Don Browning. Research for the

picture included a detailed study of the lore of the underworld. "The language of the underworld," says Chaney "is really a language within a language, as there has grown up a sort of slang language that to the layman is incomprehensible."

## Official Proceedings

Council Chambers, Appleton, Wis. March 7, 1928. 7:30 P. M.

Council met pursuant to regulations. Mayor present, presiding. Roll call, all aldermen present, except Ald. Richards.

Reading of minutes of previous meeting was upon motion dispensed with. The Committee on Finance reported that they had examined accounts No. 518 to 756, inclusive, in the sum of \$219,077.07 and recommended that the Mayor allow as charged.

# APPLETON CAGERS WHIP MARINETTE HIGH FIVE, 23-19

## Orange Quint Outplays Northerners To Triumph In Slow Basket Battle

Rafoth, Berg Lead Shields-men to Victory; West Green Bay, Manitowoc Win

STANDINGS		W. L. Pct.
Oshkosh	7	1 .875
Manitowoc	7	2 .778
Appleton	6	4 .600
W. Green Bay	4	5 .444
Marinette	3	5 .375
Fond du Lac	2	7 .222
Shioyan	1	7 .125

**FRIDAY GAMES**  
Appleton 23, Marinette 19.  
W. Green Bay 36, E. Green Bay 14.  
Manitowoc 12, Fond du Lac 8.

**SATURDAY GAMES**  
Oshkosh at Marinette.  
Easily outclassing Marinette high school's basketball team on its home floor and proving to be the far better team, the Appleton high school quintet made a strong comeback after its wallowing at the hands of Manitowoc here last week and took a 23-19 decision Friday evening in a Valley conference game.

The score indicates a close game, but even then Appleton was far superior, free throws keeping the losers in the running. Eleven fouls were called on Appleton and eight on Marinette by Referee Wright of Oshkosh and the home team took advantage of the fouls to make it a close battle while Appleton missed most of its tries.

Appleton had ten baskets in the first half, or an 8-point lead in that department, but ten free throws the Orange cagers scored only three points, meanwhile Marinette made seven points of fourteen free throws to make the game interesting.

Fouls were wisely called and the game was slow especially in the first half when the rival teams seemed to be feeling each other out. Little scoring from the field was done in the opening periods. Appleton led at the quarter, 6-0, and at the half, 14-12. It spurred in the third and fourth periods and scored seven points to four for the Northerners to take a 21-16 lead.

In the final period the Orange scored just two points to three for the home team.

Rafoth entered the Valley scoring race again by leading his mates in scoring baskets and a free throw for nine points. Berg added three neat ringers, showing his old form, and Strutz counted two before leaving the game on personal fouls. The remainder of the scoring was done by Bowly with a basket and a free throw and Gochbauer with a free shot, Johnston, Strutz and Kuntz played good defensive games.

For Marinette Amundson and Lund the forwards, did the heavy scoring, the former counting two baskets and a free throw and the latter three and one. The latter added three free throws and Holmquist and Dohlin one each while Bauer got the only other basket for the Northerners.

**WEST UPSETS EAST**  
As the result of an upset caused by Herber's great shooting, Appleton can tie for third place in the conference, to close the season, by a win from West Green Bay at the Bay next week. West upset, East Green Bay, until last week a title contender, by the huge score of 36-14. East now has completed its season's schedule with a 6-4 mark and a free throw at Appleton will have it this Friday night.

As in the case of this Friday's game with Marinette, Appleton plays away from home in defense of its loop position.

Marinette was in fifth a half game from Appleton and for the home team had moved Appleton to fifth and placed Marinette in fourth. Now West, by its upset win, is in fifth, a game from Appleton, and if it wins next Friday will tie the Orange for fourth for the season.

**ANOTHER CLOSE GAME**  
In the other game Friday, Manitowoc was defeated at the home of West Green Bay by a 36-14 score. The ships won, 12-8, scoring only four field goals against the Fondy defense, which worked the same as when it held East Green Bay to two baskets and beat that team by a low score a few weeks ago, one of East's few defeats of the year. However, Fondy, as was the case all year, also was weak in shooting and missed a chance for a win.

**IDEAL PHOTO BOWLERS BEAT GIRL PIN FIVE**  
Ideal Photo shop male bowlers took three games of a match with the Hopple Sausage girls Friday evening at the Elks league, winning the match by 219 pins. Router of the male quint had high game of the fray, a 200, the only double century mark rolled and he had high series of 555 as well. For the girls, E. Dunn had high game of 173 and V. Wentzloff had high series of 444.

**CO. D RAINBOWS WIN FROM THIRD WARDERS**  
Co. D Rainbows whipped the Third Warders Thursday evening in a basketball game at Armory G, taking the long end of a 29-3 count. The Rainbows also defeated a local team Tuesday evening. Bakers led the scoring for the winners with 16 baskets and a free throw followed by C. Christon with four baskets and a free throw. L. Christen added a free throw.

Popp and Rectz each scored a basket for the losers and Schade led with two ringers. Dressing had a free throw. The winners, Bakers, L. and C. Christon, Greenz, Kervigan, Zuchke and Thompson performed and for the losers, Popp, Rectz, Dressing, Schade and Schade played.

**MARQUETTE HIGH WINS STATE CATHOLIC MEET**  
Milwaukee—(P)—Marquette University high of Milwaukee won the state Catholic basketball tournament and the right to represent this state in the national tournament in Chicago March 20, by defeating St. Catherine's of Racine here Friday night, 18 to 9. Campion of Prairie du Chien defeated St. Peter's of Oshkosh, 20 to 9, for third place.

**Buffalo**—(P)—Frankie Gonar, N. B. A. flyweight champion, defeated Frisco Crane, Philippines (10.)

**Hot Springs, Ark.**—Pete Pirpo, Detroit, knocked out "Red" Beck, Memphis (1.)

**Greenleaf Leads In National Cue Event**  
Chicago—(P)—Ralph Greenleaf, of Philadelphia, winner of the last national billiard tournament, stood in first place Saturday in this round robin meet, with three victories. He was given a difficult time Friday night by Harry Wood of Duluth, but the former champion finally won, 125 to 116, despite Wood's clever safety play.

**Los Angeles**—Tony Fuente, Los Angeles, defeated Joe Lohman, Cleveland (10.)

**Omaha**—Joe McGill, Chicago, defeated Tommy Grogan, Omaha (10.) Irish Kennedy, St. Paul, won from Kid Ray, Wayne, Neb. (6.)

## GREEN BAY LEGION PLANS FOR LARGE CROWD AT TOURNEY

Well Over 200 Five-man Teams Will Roll in State Veterans Meet

Green Bay—Well over two hundred five man teams will roll in the Wisconsin State American Legion Bowling tournament which will open in the Columbus club alleys here Saturday evening, March 31, according to the closest estimate possible to make at this time it was announced by Walter T. Ble, president of the state association.

Entries will be closed on March 13 at midnight, and with the number of entries not in hand it is not unlikely that the 250 mark will be passed before that time. The local entry list is growing by leaps and bounds for it seems that every one of the 425 members of Sullivan post is bound to capture a team.

Entries are coming in from all sections of the state, accompanied with the fees for the tournament. The officers of the association are now confident that every nook and corner of the state will be represented at this tournament.

Mayor James H. McGillan of Green Bay who is a past commander of Sullivan Post and a lieutenant commander in the naval reserve force, will lead a team against Frank J. Schneller, department commander of the 121st artillery will lead a team against Col. Penner, former commander of the 120th artillery. From these plans it is easy to see that most of the American Legion dignitaries in the state will be on the alleys here at the opening of the bowling convention.

The first week of the convention has been set aside as a reunion for the artillery organizations from Wisconsin in honor of the expected presence of the two leaders of Wisconsin artillery organizations.

**APRIL 7 AND 8**  
The second week of April 7 and 8, are Navy days, and it is expected that Mayor McGillan will be circulating freely among his old friends on this occasion also. April 14 and 15 have been designated as 32nd Division days. April 21 and 22, 42nd Division days.

It is not necessary that these lines be closely followed in selecting dates on which to bowl in Green Bay, but the committee indicates that they will be matters of particular interest for the part of the prize money will go for "Good Fellowship" which means that any one may win whether he is really a bowler or not. In fact he is more apt to win in this way than if he were only a fair bowler.

**ILLINOIS MAT LEADER SAYS LEWIS IN TRUST**  
Chicago—(P)—Still suspicious of a wrestling trust, Samuel P. Luzzo, member of the Illinois State Athletic commission, took steps Saturday to block the match between Ed "Strang" Lewis, heavy champion, and Alex Garkawienko, based as the European champion, scheduled for next Monday night.

Luzzo made public Saturday his reasons for voting an emphatic "no" when the permit for the match was issued last week by Chairman Paul Froeh.

Luzzo in a public statement charged that Chairman Froeh had issued the permit for the Lewis-Garkawienko match over his vigorous protest "overstepping all bounds of authority."

Luzzo pointed out that Lewis had already defeated Garkawienko a number of times, that both were liable to fine and suspension for not being in training here five days prior to the match, and that Joe Matczewski, of Utica, N. Y., whom Lewis wrestled at Kansas City Feb. 29, was on the semi-windup of the same card Monday.

## HOT FROM TRAINING CAMPS

Avon Park, Fla.—(P)—The Cardinals string of exhibition victories was cut short by the Athletics Friday. Syl Johnson was a feature of the last three innings. He allowed nary a hit after Art Reinhardt, veteran southpaw let an Athletic rally bring them to a one point lead which they held.

**West Palm Beach, Fla.**—(P)—The St. Louis Browns Saturday faced the opening of a series of 23 pre-season exhibition games in 20 months. Manager Dan Howley said his men were physically fit to meet the Cincinnati Reds here Saturday but that team work was not up to standard.

**Bradenton, Fla.**—(P)—The Red Sox settled back to practice Saturday with a new confidence instilled by Friday's vanquishment of the invading Boston Braves and the redoubtable Rogers Hornsby. The first encounter of the two Boston clubs was won by the Sox, 9 to 8.

**St. Petersburg, Fla.**—(P)—Babe Ruth has uncovered a new disease—sand fezzitis. The Yankees' famous slugger declares the sand on the lot sets into the shoes and chafes the skin, just like eating crackers in bed.

But in spite of the complaint, George Herman played on first base with the rookies and caromed a single off Umpire Paul Krichell to the delight of the fans.

**Clearwater, Fla.**—(P)—Manager Robinson and his aides are making

**BADGER QUINTET FINISHES SEASON IN TIE FOR THIRD**  
Cardinals Whip Illini Cagers in Final Game, 32-22; Decide Title Tonight

Urbana, Ill.—(P)—Wisconsin's basketball team swept Illinois into another conference defeat in the final game of the season for both teams Friday night, 32 to 22.

Illinois played a listless game throughout the first half, the Badgers throwing 15 points through the net before Illinois' attack could start functioning. In a flurry of baskets, Ball and Foster, Wisconsin's forward and center, repeatedly pierced the Illinois defense to sink easy shots under the net.

A fluke basket toward the end of the first period revived Illinois' waning hopes, and the Illini held Wisconsin to two points in the second half, engaged in an attack that brought 13 points. Wisconsin cut loose with five more points, though, to pile up a lead by half time of 20 to 14.

The Illini fought desperately in the second half but every effort to pierce the Badger defense was repulsed.

Tenheper, sent in as a substitute in the second period, harassed the Illini continually. Coach Ruby of Illinois threw in a flock of substitutes in a futile effort to stimulate his team.

Chicago—(P)—The Western Conference basketball championship, at least half of it, rested on the outcome of the very last game of the season between Purdue and Minnesota at Minneapolis Saturday night. The game was a half interest, with season record of ten victories and two defeats, and Purdue must win Saturday night to gain a share in the title.

The individual point scoring honors also hung in the balance, with Bonnie Oosterbaan of Michigan leading now with 120 points. "Stretch" Murphy has 121 points, needing four goals to tie and nine points to win another honor for himself and Purdue.

Wisconsin made sure of a half interest in third place, alongside Northwestern, by defeating Illinois Friday night 32 to 22.

## APPLETON CAGERS WIN OPENING GAME IN DISTRICT MEET

Citizens Bank Five Beats Valders Legion, 29-6; Shorty Shoes Also Win

The only Appleton entrant in the first round of play in the Northeastern Wisconsin district amateur basketball tournament of the Y. M. C. A., being held Friday and Saturday at Green Bay, won its opening game Friday evening. The Citizens Bank team, winner of third place in the meet last year, swamped the Valders American Legion five under a barrage of baskets, winning by a one-sided 29-6 score. The Appleton Coated Paper Co. team drew a bye.

Shorty's Shoes of Little Chute, on which several Appleton industrial league players are performing also came through for a first-round win and by another large score. The Shoes beat the Brillion city team, 32-11. Kaukauna's tourney entry, the Milford Clothiers, hit one of the classiest teams in the play, a favorite for the title, and by a 21-9 decision to the Columbus Club of Green Bay. This eliminates the team.

Other first round results were Kelly Club, Green Bay, 24, Holy Name, Manitowoc, 14; Y. M. C. A., Green Bay, 33, Baraca Club, Two Rivers, 11; Fond du Lac Hi-Y 19, Stevens Point Foresters 15. The St. Paul and Fond du Lac Coated Paper five, drew a bye.

**MEET TOUGH FOES**  
Saturday morning the Coated opened play in the second round with one of the toughest teams in the meet, the Green Bay Kelly club. Another Saturday morning game gives the Citizens Bank team of Appleton another tough foe, the Green Bay Columbus Club, and it is not unlikely to see both local teams eliminated at that time. Should either or both win they would be favorites for the title.

Other Saturday morning games are between Green Bay Kelly and Fond du Lac Hi-Y and Shorty's Shoes and St. Paul. Kelly and Shorty's Shoes and St. Paul, the Green Bay Columbus Club, and it is not unlikely to see both local teams eliminated at that time. Should either or both win they would be favorites for the title.

In the afternoon the winner of the Coated-Kelly game meets that of the Bank-Columbus club game, and the winner of the Kelly-Fondy game meets that of the Shorty-Shoes-St. Paul game. In the evening the losers of the afternoon games clash for third place and the winners for the district title and entrance in the state meet later in the year.

**VALLEY BASEBALL HEADS MEET HERE**  
Final Composition of 1928 Fox River Loop to Be Decided

An important meeting of the Fox River Valley baseball league will be held here Sunday afternoon at the Conway hotel. Final organization plans are to be ironed out.

Fond du Lac will be on hand to file application for a franchise and it is expected that the Kimberly-Little Chute merger will go through as scheduled.

According to present plans, the loop will function with the following six clubs, Green Bay, Kaukauna, Kimberly-Little Chute, Nee-Menasha, Appleton and Fond du Lac for the 1928 season. Franchise applications from Oconto, Wisconsin Rapids and Manitowoc will be shelved for the time being.

The Valley league schedule committee will swing into action as soon as the franchises are awarded drafting an outline that calls for a twice around series. Play will start early in May and continue until Labor Day.

President C. O. Doherty, Appleton, will preside at Sunday's meeting. Among the club magnates to attend are: Frawley, Fond du Lac, Larsen, and Weisgerber, Nee-Menasha, Brautigan, Appleton, Briggs and Pocan, Kimberly, Smith and Coppes, Kaukauna and Clusman of Green Bay.

**LOUGHRAN MAY ENTER FIELD OF TITLE FOES**  
New York—(P)—Prospects of Tommy Loughran, world's light heavyweight champion, entering the scramble for the role of challenger against Gene Tunney developed Saturday.

Joe Loughran, Loughran's manager, announced intentions of seeking the consent of the New York State Athletic commission for Loughran to become a heavyweight.

**FORMER WORLD CHAMP SUGGUMBS AT DETROIT**  
Detroit—(P)—The final bell has sounded for George Lavigne, the "Saginaw Kid," former world's lightweight boxing champion.

Lavigne, who ruled the lightweight ranks from 1933 to 1939 died at his home here Friday night after a brief illness. Death was due to heart disease.

"Kid" who was 38 years old, was reputed to have earned a small fortune in the ring, but of that there was nothing left. For the past few years he had been employed as a night watchman at a Ford Motor Co. plant.

Ascending the lightweight throne on the retirement of Jack McAuliffe, Lavigne defended his title against such boxers as Joe Walcott, the "Barbed Wire Kid," Andy Bowen, Young Griffo, Charley McKeever, Eddie Connelly, Dick Burge, the English champion, Mysterious Billy Smith, Jack Everhardt and Jack Dilly.

Lavigne lost the title at Buffalo in July 1939 to Frank Erne, who outpointed him in 20 rounds.

**Los Angeles**—Tony Fuente, Los Angeles, defeated Joe Lohman, Cleveland (10.)**Omaha**—Joe McGill, Chicago, defeated Tommy Grogan, Omaha (10.) Irish Kennedy, St. Paul, won from Kid Ray, Wayne, Neb. (6.)**Drawings for the district play, among the teams previously announced, are made on an alphabetical basis. This year team number 1 or the first team alphabetically, plays 5, 2 plays 4,**

## APPLETON CAGERS WIN OPENING GAME IN DISTRICT MEET

Citizens Bank Five Beats Valders Legion, 29-6; Shorty Shoes Also Win

The only Appleton entrant in the first round of play in the Northeastern Wisconsin district amateur basketball tournament of the Y. M. C. A., being held Friday and Saturday at Green Bay, won its opening game Friday evening. The Citizens Bank team, winner of third place in the meet last year, swamped the Valders American Legion five under a barrage of baskets, winning by a one-sided 29-6 score. The Appleton Coated Paper Co. team drew a bye.

Shorty's Shoes of Little Chute, on which several Appleton industrial league players are performing also came through for a first-round win and by another large score. The Shoes beat the Brillion city team, 32-11. Kaukauna's tourney entry, the Milford Clothiers, hit one of the classiest teams in the play, a favorite for the title, and by a 21-9 decision to the Columbus Club of Green Bay. This eliminates the team.

Other first round results were Kelly Club, Green Bay, 24, Holy Name, Manitowoc, 14; Y. M. C. A., Green Bay, 33, Baraca Club, Two Rivers, 11; Fond du Lac Hi-Y 19, Stevens Point Foresters 15. The St. Paul and Fond du Lac Coated Paper five, drew a bye.

County Board Proceedings

FIRST DAY  
County Clerk's Office, 2 P. M., Feb. 13, 1928.  
Board met pursuant to call and called to order by Mike Mack, chairman.  
Clerk called the roll. Roll call.  
Members present—Anderson, Appleton, Bottrell, Beck, Blohm, Carpenter, J. Dieckrich, Doerfler, Drepthal, Farrell, Froelich, Graemeier, Hodgins, Jansen, Kennedy, Knapstein, Mueller, Nichols, Nielsen, Rademacher, Reichel, P. H. Ryan, M. Ryan, T. H. Ryan, Sawall, Schroeder, Sievert, Tate, Thiesenhusen, Tracy, Vandenberg, Wendt, Zocholl, Mack.  
Members excused—Froelich.  
49 members present, 1 excused.  
No. 1. Call of meeting read.  
To the County Clerk of Outagamie County, Wisconsin.  
Gentlemen: We, the undersigned members of the County Board of Outagamie County, Wisconsin, constituting a majority of the members thereof, hereby request that you call a meeting of said board to be held at the Court house in the city of Appleton, Wisconsin, on the 13th day of February, A. D. 1928, at 2 o'clock in the afternoon, for the purpose of transacting the following business, to-wit:  
Allowing of all claims against the county.  
And to transact such other and further business as may be legal and proper to come before the meeting.  
Dated this 13th day of January, A. D. 1928.  
F. D. ZOCHOLL, J. KENNEDY,  
JAMES FARRELL, WM. BECK,  
JOHN GRAEMEIER, M. MACK,  
JOHN GRAEMEIER, M. MACK,  
F. J. SCHROEDER, J. KENNEDY,  
J. LUMMERDING, F. R. APPLETON,  
OTTO THIESSENHUSEN, THOMAS H. RYAN,  
JESSE CARPENTER, THOMAS H. RYAN,  
FRED EVERETT, A. M. MCCLONE,  
A. W. LAABS, M. BOTTRELL.

county read. (Construction of deep water way from Portage to Prairie du Chien.)  
Oshkosh, Wisconsin, Nov. 31, 1927.  
To the Honorable Members of the Winnebago County Board.  
I offer the following resolution.  
Whereas the government of the United States of America and the government of Canada have made an investigation as to the feasibility and practicability of building a deep waterway from the Atlantic ocean to connect with our great lakes by a commission of engineers duly authorized by both governments to make this investigation, and  
Whereas, these engineers reported to the secretary of war during the year 1927, that such deep waterway was feasible and could be built, and that it would be of great economic benefit to the entire world;  
Be it hereby resolved by the members of the Winnebago county board that they respectfully request the secretary of war and the members of the senate, and the members of the house of representatives that legislation be enacted at the next session of congress of the United States to build this waterway, known as the St. Lawrence Deep Water Way, from the Atlantic ocean to connect with our great lakes, as these engineers have already advised.  
Be it further resolved by the members of the Winnebago county board that the secretary of war is hereby requested to finish the completion of the Wisconsin to the Gulf route, known as the Fox river route, by way of Oshkosh and Portage, as demanded by congress, the act of July 1870 and of June 1873, and to have the same built by the harbor act of March 3, 1873. Congress ordered this waterway to be a connecting link from Green Bay to the Gulf of Mexico by way of Oshkosh and Portage, and up to the year 1927 this route has not been completed, and is only completed now in haphazard manner so far as the Montello lock is concerned.  
The members of the Winnebago county board respectfully ask that as no act of congress is necessary to complete the waterway by dredging from Montello lock to the city of Portage and to put the government waterway at the Portage end of the waterway in the hands of the Winnebago county board.  
Be it further resolved by the members of the Winnebago county board, that whereas the government is now completing a lock at Portage costing \$164,000, and whereas it was proven to the honor and harbor board by a committee appointed by Governor Van Dusen, that the government money to reimburse the United States for the cost of this lock has been expended heretofore on this waterway.  
The members of the Winnebago county board hereby urge the secretary of war that these five water power dams be built on the Wisconsin river below Prairie du Sac, the government would receive a revenue from the leases of this power, and that the United States would be reimbursed the money to reimburse the United States for the cost of this lock has been expended heretofore on this waterway.  
The members of the Winnebago county board hereby urge the secretary of war that these five water power dams be built on the Wisconsin river below Prairie du Sac, the government would receive a revenue from the leases of this power, and that the United States would be reimbursed the money to reimburse the United States for the cost of this lock has been expended heretofore on this waterway.  
Be it further resolved by the members of the Winnebago county board that a copy of this resolution be sent to every county board in the state of Wisconsin, to the governor of the state, to the secretary of war, and to General J. Edgar Hoover, chief of the United States department of justice, and to the Wisconsin representatives and senators at Washington, and that the state legislature be asked by Senator White, of Wisconsin, to pass this same resolution.  
Respectfully submitted,  
President of the Association for the Relief of High Water and Supervisor of the 11th ward of the city of Oshkosh.  
State of Wisconsin, Winnebago County—ss.  
I, George W. Manuel, county clerk of said Winnebago county, do hereby certify that the above and foregoing is a true and correct copy of resolution No. 35, adopted by the county board of Winnebago county on November 21, 1927.  
Given under my hand and seal at the court house in the city of Oshkosh, in said county and state, this 14th day of December, A. D. 1927.  
GEO. W. MANUEL, County Clerk, Winnebago County.  
Same was referred to finance committee.  
Mr. M. F. Feistel of Fond du Lac addressed the board in regard to a new county atlas. Superv. Tracy moved that all the town chairmen who have in favor of purchasing a county atlas arise. There being no response, the matter was dropped.  
No. 8. Annual report of the clerk of circuit and municipal court for 1927 read.  
To the Honorable Board of Supervisors of Outagamie County, Wis.  
Gentlemen: I herewith submit to your honorable body my annual report of the condition of the office of the clerk of circuit and municipal court in and for said county for the year ending December 31, 1927.  
H. A. SHANNON, Clerk.  
Dated this 3rd day of January, A. D. 1928.

Dogs 99 732.52  
Swine 8 24.00  
Poultry 598 723.20  
There were four claims disallowed; the total number of dogs killed were 4058 of which 3586 were for male and 570 for female dogs.  
Besides the expenditures for damage claims there was also expended \$667.95 to the state of Wisconsin agricultural department for tags and expenses in connection with the dog law. \$15.38 for forms, postage, etc. \$617.55 to town, city and village assessors for assessing dogs, and \$45.49 to town, city and village assessors for collecting the dog tax. In conclusion I wish to report that the damage claims for 1927 have not been usually paid due to the great extent of damage caused by two male dogs which were not paid.  
All of which is respectfully submitted.  
JOHN E. HANTSCH, County Clerk.  
Dated this 27th day of January, 1928.  
Superv. Laabs moved the report be adopted. Motion prevailed.  
Nos. 10-11-12-13-14-15. Communications from the town of Buchanan, city of Kaukauna, city of Appleton, village of Little Chute, village of Combined Locks, and village of Kimberly read.  
No. 10. Resolution of the town of Buchanan, Outagamie county, Wisconsin, adopted by the town board, February 22, 1928.  
Resolved, by the board of supervisors of the town of Buchanan, Outagamie county, that realizing the need of relieving the traffic congestion on United States highway 41 between the cities of Appleton and Kaukauna in Outagamie county, that this board go on record as recommending paving with concrete, county trunk Z, from the village of Combined Locks, village of Kimberly and cities of Appleton and Kaukauna, and Combined Locks to the city of Kaukauna, and to take such steps as are necessary to have said county trunk Z with a permanent pavement, and  
Whereas it is a public demand and necessity for the improvement of said road with a permanent pavement in order to relieve congestion on U. S. highway 41 which is used considerably because of the poor condition of county trunk Z and is now inadequate to maintain, and  
Whereas the present highway county trunk Z is now inadequate and expensive to maintain, and  
Now, therefore, be it resolved by the mayor and common council of the city of Kaukauna, Wisconsin, that we do hereby petition the honorable members of the county board of Outagamie County, Wisconsin, to take such steps as are necessary to have said county trunk Z with a permanent pavement, and  
Whereas it is a public demand and necessity for the improvement of said road with a permanent pavement in order to relieve congestion on U. S. highway 41 which is used considerably because of the poor condition of county trunk Z and is now inadequate to maintain, and  
Whereas the present highway county trunk Z is now inadequate and expensive to maintain, and  
Now, therefore, be it resolved by the mayor and common council of the village of Little Chute, Wisconsin, that we do hereby petition the honorable members of the county board of Outagamie County, Wisconsin, to take such steps as are necessary to have said county trunk Z with a permanent pavement, and  
Whereas it is a public demand and necessity for the improvement of said road with a permanent pavement in order to relieve congestion on U. S. highway 41 which is used considerably because of the poor condition of county trunk Z and is now inadequate to maintain, and

Respectfully submitted,

F. D. ZOCHOLL, J. T. DOERFLER, THOMAS H. RYAN, JAS. KENNEDY, R. T. CARPENTER.

Superv. Tracy moved to adopt. Roll call.

Members voting aye—Andersen, Beck, Blohm, Carpenter, Doerfler, Diefel, Diefel, Furst, Grafmeier, Hodgins, Kennedy, Knapstein, Krueger, Laabs, Lathrop, Lummerding, McCann, Mueller, Nielsen, Rademacher, Reichel, M. Ryan, T. H. Ryan, Sawall, Schroeder, Sievert, Tate, Thiessenhusen, Tracy, Vandenberg, Wendt, Zocholl, Mack. Members absent—Appleton, Bottrell, Farrell, Jansen, McCleone, P. H. Ryan.

35 voted aye, 6 absent, report adopted.

No. 35. Report of the finance committee read. (Resolution No. 3 and 6, in regard to collection of income tax.)

To the Honorable Board of Supervisors of Outagamie County, Wis.

Gentlemen: Resolutions 3 and 6 from Sauk and Green counties have been considered by your finance committee.

Said resolutions provide for the present form of collecting income taxes but offer no constructive remedy, hence we recommend that same be placed on file.

Dated this 14th day of Feb. 1928.

Respectfully submitted,

W. M. BECK, Chairman.

J. T. DOERFLER, THOMAS H. RYAN, JAS. KENNEDY, R. T. CARPENTER.

Superv. Rademacher moved to adopt. Motion prevailed.

No. 37. Report of the finance committee read. (Annual report of the clerk of the municipal and circuit court.)

To the Honorable Board of Supervisors of Outagamie County, Wis.

Gentlemen: Your committee on finance, and the district clerk of the municipal and circuit court, beg leave to report that we have examined same and recommend its adoption.

Therefore, it is resolved, that the report be adopted.

Dated at Appleton, Wis., this 16th day of February, 1928.

Respectfully submitted,

W. M. BECK, Chairman.

J. T. DOERFLER, THOMAS H. RYAN, JAS. KENNEDY, R. T. CARPENTER.

Superv. Tracy moved to adopt. Motion prevailed.

No. 38. Report of the committee on justice and constable accounts read. (Unpaid.)

To the County Board of Supervisors of Outagamie County, Wis.

Gentlemen: Your committee on justice and constable accounts (unpaid) beg leave to report that they have examined the following accounts referred to them and recommend that they be allowed, disallowed or disposed of as set forth in the schedule hereto annexed:

No.	Name	Nature of Account	Allowed
22	Walter Scherck, services		\$ 4.00
24	Andreas Scherck, constable fees		10.40
25	Andreas Scherck, constable fees		24.80
64	R. H. McCarty, police fees		133.77
112	Walter Scherck, services		4.00
Total			\$176.97

Dated this 14th day of Feb. A. D. 1928.

Respectfully submitted,

MALACHI RYAN, JESS LATROPP, FRED REICHEL, FRED SIEMERT, BERT MCCANN.

Superv. Tracy moved to adopt. Roll call.

Members voting aye—Andersen, Beck, Blohm, Carpenter, Doerfler, Diefel, Diefel, Furst, Grafmeier, Hodgins, Kennedy, Knapstein, Krueger, Laabs, Lathrop, Lummerding, McCann, Mueller, Nielsen, Rademacher, Reichel, M. Ryan, T. H. Ryan, Sawall, Schroeder, Sievert, Tate, Thiessenhusen, Tracy, Vandenberg, Wendt, Zocholl, Mack. Members absent—Appleton, Bottrell, Farrell, Jansen, McCleone, P. H. Ryan.

35 voted aye, 5 absent, report adopted.

No. 39. Report of the committee on general accounts read. (Rebidding and repairing of court records.)

To the County Board of Supervisors of Outagamie County, Wis.

Gentlemen: Your committee on general accounts (unpaid) beg leave to report that they have examined the following accounts referred to them and recommend that they be allowed, disallowed or disposed of as set forth in the schedule hereto annexed:

entail would be warranted by any conclusion we might arrive at after learning all the facts.

Therefore we recommend that the resolution of the Winnebago county board be placed on file.

Respectfully submitted,

WM. BECK,  
J. T. DOERFLER,  
THOMAS H. RYAN,  
JAS. KENNEDY,  
R. T. CARPENTER,  
Finance Committee.

1302—Serenade (Toselli) . . . . . Renee Chemet  
Serenade (Pierne) . . . . . Renee Chemet

Two of the daintiest of all modern serenades, arranged for and played by the violin, to the piano, in the most delicate and exquisite manner. Both have become enormously popular of late years.

The tone quality of these records is altogether remarkable, and no decorative features of any kind appear in them to obscure, or detract the attention from, pure melody. Skillful bowing, perfect intonation, poetic phrasing—these contribute to make the records a delight.

6784—Proch's Air and Variations . . . . . Amelita Galli-Curci  
Zemire et Azor—La Fauvette (The Warbler) . . . . . Amelita Galli-Curci

Proch's Air and Variations, so beloved of the skillful cantatrice, have here been given a new Orthophonic recording by Amelita Galli-Curci. The number, which is a fairly long one, consists of a simple lyric air, repeated with variations of the most extraordinary brilliancy and diverseness. With this is a famous air from the "Zemire and Azor," an opera based on the tale of Beauty and the Beast, which has been set to music by various composers. Certain passages afford superb examples of legato singing. And it is doubtful, perhaps, if a finer melody can be found anywhere in the 50 operas Grcy composed.

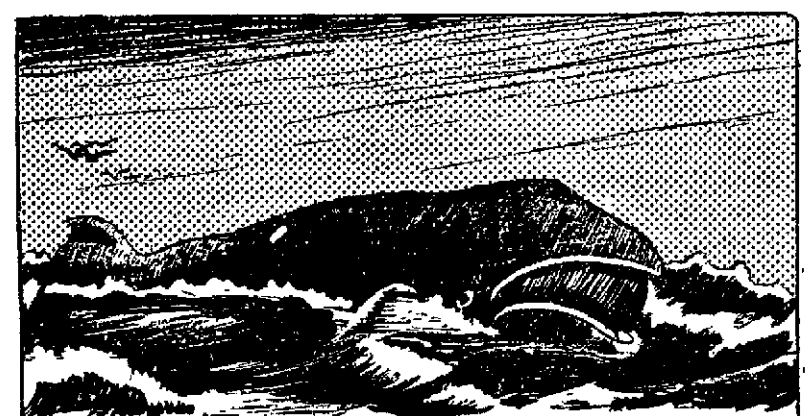

1303—Bird Songs at Eventide . . . . . John McCormack  
The Little Silver Ring . . . . . John McCormack

Two McCormack records which will be received with gratefulness by those lovers of music who do not like to see too much of an artist's energy spent upon the demands of the majority-public. These are lovely songs, and both of them set to lyrics which have true poetic interest.

## Book Of Knowledge

Sea Monsters

Whales are the biggest creatures in the world. Above is shown a Baleen whale which has no teeth. Its mouth is fitted with whalebone with which it catches its food as in a fishing net. The whalebone in a whale's mouth may weigh a ton and a half and is worth \$10,000 a ton. The whale's oil also is very valuable.

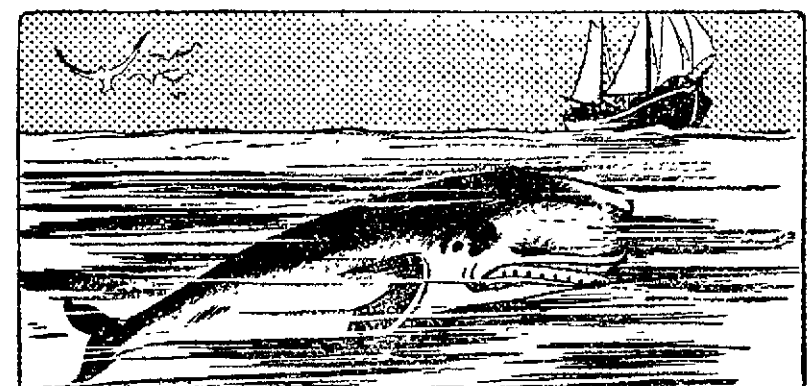

By NEA, Through Special Permission of the Publishers of The Book of Knowledge, Copyright, 1923-26

These whales have two nostrils on top of the head. Sometimes the animal pours out its pent-up breath under water, shooting a column of spray into the air.

As the whale steams along, water pours into its open mouth. The water is strained out through the whalebone, but the food remains.

This is a Cachalot or Sperm Whale. It has fifty teeth in the lower jaw, but none in the upper. At the back of its head are stored tons of oil from which we get spermaceti for ointments and the best candles. We get ambergris from the Cachalot, which is made into perfume worth from \$10 to \$30 an ounce.

Sketches and Synopses, Copyright, 1926, The Granger Society. (To Be Continued) 2-24

## ANOTHER SMILE FOR TODAY

### STILL THERE?

"What makes you insist his heart is in the right place?"  
"He laid it at my feet yesterday."  
—Life.

### ABSOLUTELY

"The stupidest people in my opinion are those who answer everything with a question."  
"Do you think so?" Dorfbarber.

### STILL UNPROVED

"And is your husband a good provider?"  
"What he is, mum—he's been sayin' for ten years that he'd buy me a new dress provided he could spare the money from his drinkin'." —Judge.

### BACK TO WORK

"My husband lost his position."  
"Oh, not really."  
"Yes he isn't my husband any more." —Life.

## NEW LONDON-CLINTONVILLE-WAUPACA

NEARBY  
TOWNSRED AND WHITE TEAM  
BEATS MARION QUINT

New London Cagers Run Away With Opponents, Allowing but One Field Goal

Special to Post-Crescent  
New London — The New London high school, playing its last game of the season on the home floor, defeated Marion high school 19 to 5. The Blue and Orange squad were held to one field goal which they made during the last two minutes of play. Up to this time they had only made three points on fouls. In the meantime New London had run up a total of 10 points.

The Red and Whites defense worked to perfection, Marion only a few times being able to get the ball anywhere near their basket. On the other hand, the home boys, offensive swept through Marion team time after time. Sweeney had six baskets to his credit, while Werner shot two and Griswold one. Griswold, though playing against a taller center, managed to get most of the tip offs Sweeney Seims, and Werner were taken out early in the game Kische, Dayton and Pfeiffer replacing them. In the last quarter three were again returned to the game.

Both teams were fouled at the opening of the game and New London first point resulted on a technical foul when Marion had six men on the floor at the same time. Marion made one point on a foul shot from the center while Sweeney and Werner worked the ball through the Marion team for two baskets. Sweeney shooting both of them. At the start of the second quarter, Werner broke through for a short pass and Sweeney followed with two baskets, one being a long shot from the center of the floor. Werner intercepted a long pass to make a basket after which Sweeney again tossed one in. Griswold made a free throw and before the half ended Sweeney located the basket once more.

Marion added two points on fouls in the third quarter Marion in this quarter covered the New London players well holding the Red and White scoreless in this period. Marion missed five throws in this period and in the last period they missed more chances on fouls while Sweeney added one point for New London. With about two minutes left to play Devaud of Marion made the visitors only basket of the evening.

A large crowd witnessed the game with Marion sending a fair sized delegation of students.

MAKE SHORT WORK OF  
RECENT SNOWFALL

New London—All main thoroughfares were cleared of the heavy snow fall of Friday by the city street commissioner's department. Exceedingly short work was made of clearing streets during Friday by use of a large truck and snow plow attached. Friday night saw nearly all streets cleared, and walks shoveled. All buses were running on schedule between this city and Appleton and between here and Clintonville.

NEW LONDON  
PERSONALS

New London — Mrs. W. H. McDonald of Shawano is a guest for a few days at the home of Mrs. Marie Heinrich.

The Misses Ruth and Eleanor Lintner of Appleton are spending the week end at the home of their parents Mr. and Mrs. William Lintner.

Mrs. C. C. Spearbraker of Clintonville is visiting at the Fred Dornbrook home this week.

Mr. and Mrs. Walter Crook who have been spending the past two months at Hot Springs, Ark., will return to their home here this week.

Miss Alice Magann who, for the past few years has been employed as operator at the local telephone office, left this week for Milwaukee where she will be employed in the telephone office.

Mrs. D. H. Mather of Ladysmith is a guest at the home of her sister Mrs. Clara Mather.

Clinton H. Freeman of Bowler is spending the week end with his parents Mr. and Mrs. Leslie Freeman. Mrs. Clinton Freeman who has been a guest at the Leslie Freeman home during the past week will return to Bowler with him.

Mrs. R. E. Scanlon submitted to a serious operation at the Mayo hospital at Rochester, Minn., Thursday.

Mrs. Phoebe Ann Potter left Saturday for a week's visit at the W. E. Bate home at Stevens Point.

## CHIMNEY FIRE

New London—The fire department answered a call to the home of Claude Wadkins on Wisconsin-st. late on Friday evening when a chimney fire was discovered. The fire was of only short duration, however, and little damage was done.

**TIGERTON CAGE TEAM BEATS WAUPACA FIVE**

Waupaca—Tigerton high school basketball team defeated Waupaca here Friday night 26 to 24. This victory gives Tigerton the lead in the conference with Weyauwega second and Waupaca third.

Oscar Nelson and Fred Falk at Leona Wednesday afternoon.

Loyal Fraser and Ethel Seyler who attend high school at Appleton and Darrel Hahn who is a student at Seymour high school spent the week-end here with their parents.

CLINTONVILLE TO BE  
TAKEN OVER BY BOY  
GOVERNMENT FOR DAY

Youngsters Will Go Through Regular Procedure for Election March 31

Special to Post-Crescent  
Clintonville — Announcement was made by the board of directors of the Rotary club Thursday that in observance of National boy week, they are planning to sponsor a municipal election campaign for school children, both girls and boys, regardless of creed or school affiliation. Legal voting age has been designated between twelve and eighteen years inclusive.

City Clerk, Julius Spearbraker, will furnish all necessary blanks to those applying for same. The young people will be required to secure at least fifteen signatures to nomination papers before attempting to file with him on March 21, 22 and 23.

Any young person of accepted voting age may sign nomination papers for a candidate for mayor, or any other general city office, but a candidate for alderman or supervisor must secure his signatures within the ward or precinct in which he resides.

Arrangements are being made with the city administration to permit this election being held at the city hall on March 31 under a juvenile election board.

After election, the winner will qualify for the office to which he has been chosen and the young people will be allowed to take charge of the city government for one day. Appointive offices will be filled, and appointments either confirmed or rejected by the council in the regular order.

The regular procedure of business will be followed, and actual problems existing will be placed in the hands of the administration for serious consideration.

Some lively contests are anticipated by the youthful aspirants and their supporters. Regular election tickets will be printed and election officials will be named to see that the election is conducted fairly and in accordance with the law.

Lucas Geiss of Appleton is visiting Miss Virginia Peterson, arriving on Thursday. She will remain for some time at the Peterson home.

Otto Olen and Fred Prill drove to Appleton Thursday to transact business.

The North Division of the Dorcas society will entertain at a St. Patrick party Monday, March 12, at the Congregational church. Invitation to the public is general.

TEMPERANCE UNION  
OFFERS PRIZES FOR  
BEST STUDENT ESSAY

Clintonville School Children from Third Grade Up to Compete

Special to Post-Crescent  
Clintonville—The local Womans Christian Temperance Union is offering a number of cash prizes to the young people of this community for essays on a given line of subjects which have been announced. Various schools. Altogether, \$15.50 will be awarded after the essays have been judged by the committee having charge of the scientific temperance instruction, which committee is headed by Mrs. Clara Block.

Prizes have never been offered in the lower grades in this city for this work until this year when they are beginning with the third grade pupils. Third and fourth grade essays will be grouped together, fifth and sixth grades, seventh and eighth grades and then in the high school, freshman and sophomore essays will be judged together and junior and senior year essays will be combined.

Material for research will be furnished by the committee, but they require all productions submitted to be the individual work of the contestant.

Additional county and National prizes are also awarded for these essays. Competition in the grades is quite keen, as this is their first experience in writing in a competitive contest.

Several people from this city drove to Appleton on Tuesday evening to hear Fritz Kreisher at Lawrence Memorial Church, among whom were the Rev. R. F. W. Pautz, Mr. and Mrs. A. G. Kuntz and the Misses Meta and Hattie Schroeder.

In an elimination game to establish eligibility for entrance into the basketball tournament to be held at Shawano, Clintonville won a decisive victory over Pulaski high school in a game played in the Shawano gymnasium Wednesday evening. The final score of 19 to 12 was the result of a severely contested battle by both teams. In the presence of a large crowd of fans. More than 50 from Clintonville were in attendance.

Mrs. William Buchholz received news of the death of her father, Henry Bingham of Cranston on Wednesday evening. Upon receipt of the message, Mr. and Mrs. Buchholz and daughter, Mrs. Charles H. Hanson, Milwaukee, left for Cranston where funeral services will take place. Mr. Bingham is well known in this city as he often visited at the home of his daughter, and other relatives and friends in Clintonville.

Otto Olen reviewed his recent trip to Texas and the Indian states and into old Mexico in a talk given at the noon day meeting of the Lions club on Wednesday.

One additional visitor, Mr. Gehlrich, of Shawano, a former member of the local club, was present.

Mrs. L. A. Ransdell and Mrs. Keller of Marion, and Mrs. J. H. Schaeffer of Clintonville, who are members of the Green Leaf cemetery association of Marion, met with members of Grace land cemetery association to discuss ways and means which might prove helpful to them in furthering the interests of their newly organized society, whose annual meeting is called for March 15.

Mrs. John Rosenow is at Wausau, called there by the illness of her daughter, Mrs. Hjalmar Osou.

The M. E. Quill plumbing shop has been to a large extent remodeled, so that it now presents a very pleasing appearance. The ceiling and wood work have been redecorated with old ivory flat paint; an electric sander used on floors was followed by two coats of varnish; plumbing fixtures attached to the walls for display purposes will be a line of permanent stock that will remain in place thus eliminating the scars left by nails as various articles were removed and replaced alternately by fixtures remaining unaltered. Work along this line is a never failing sign of spring.

The American Ladies Aid of Our Saviors Lutheran Church will hold a bake sale and serve coffee at the Axel Spill Grocery store, Main-st., March 31.

Mrs. Abe Rice entertained the F. G. club at her home on West Fulton at a 6:30 dinner Tuesday evening.

Mrs. John Rosenow is at Wausau, called there by the illness of her daughter, Mrs. Hjalmar Osou.

## PRICES HIGHER AT MARKET OPENINGS

## Stocks Sky - rocket Again as Saturday Buying Starts

**New York—(AP)—**Stock prices started to sky-rocket again at the opening of Saturday's market. The first sale of Radio Corporation was a block of 25,000 shares at 114, an over-night gain of 6 1/2 points and U. S. Steel Common opened with a block of 2,500 shares at the split

Powerful speculative pools bought stocks in enormous volume. General Motors moved with a block of 20,000 shares at 150, ran up to 161 and then sold at 160 and a few days later at 150. Radio also moved in a big block, buying 100,000 shares at 100, then selling at 105. Early buying operations centered largely in Hupp, Hudson and Chrysler Motors, the first two reaching new high ground. Dupont crossed 354 to the highest price on record. Other

Industrialists climbed a point or two before the end of the first half hour. A jump of more than 5 points in St. Louis-Southwestern common featured the only move of any consequence in a railroad stock during the past two weeks. Foreign exchanges opened irregular with Sterling Cables slightly easier around \$4.87 15-16.

## LOCAL MEN TO ATTEND FURNITURE MEN'S MEET

meeting Monday night at Green Bay. A dinner at 6:45 at Hotel Northland will be followed by a business session. George E. Johnson and Earl Wichman of the Wichman Furniture company and A. W. Tretton and Harvey Klitner of the Brettschneider Furniture company plan to attend.

# Fraternal Appleton

*The number of fraternal organizations  
in a city and their activities are an index of the  
community's friendliness--brotherliness*

Appleton boasts a chapter or lodge of practically every prominent organization in the country — active, healthy organizations which have done much for the city socially and in a civic way.

The city's fraternal organizations are of the two most generally known types: secret fraternal organizations of a social nature and those which give protective and mortality insurance benefits to their members.

Socially the fraternal organizations have long been busy here. Regularly they hold social events for their members, both men and women. In many instances the general public is invited to attend.

Fraternal organizations also have been generous with their support of civic projects. Subscriptions to financial funds for civic campaigns are readily made by the many groups and their opinions on civic projects receive sane and mature consideration.

Seven of the fraternal organizations have acquired private buildings in which to carry on their activities. The Masonic temple is the largest building, and is one of the architectural show places of the city. The Elk club house is one of the city's most prominent buildings as is the Knights of Pythias hall. Many outside-of-the-order events are held in these latter two buildings. They are almost public institutions.

Appleton Eagles, Moose and Odd Fellow orders also have buildings of their own in which to carry on both lodge services and social events. They too permit public use of their buildings and as with other lodges all recreational features in their buildings are open to the general public.

The Knights of Columbus along with other Catholic fraternal organizations such as the Catholic Order of Foresters, Catholic Knights of Wisconsin, etc. have their headquarters in the Catholic Home.

While Appleton has chapters or lodges of practically all the large fraternal organizations, the community also has been organized into a number of smaller church and social clubs. The Appleton Womans Club and the Y.M.C.A. are the largest of this type. There is a club or lodge for everyone in Appleton regardless of his creed or nationality.

If fraternal organizations and social and church clubs of which there are more than 78 in Appleton are a criterion of anything, they are positive proof that Appleton is a brotherly and friendly city.
